

The book cover features a photograph of a woman's back, seen from behind. Her dark hair is pulled up. Two hands are placed on her shoulders, one on each side. She is wearing a light-colored, possibly white, top with a zipper down the center. The zipper pull is visible, and the zipper teeth are a mix of dark and light colors. The background is a soft, light blue. The title is printed in white, sans-serif font over the top half of the image.

Accommodating Spouse:

The Two-Body Problem Lisa Wolf-Wendel, Susan B. Twombly, Suzanne Rice, 2004-01-05 Approximately eight of every ten academics have spouses or partners who are working professionals and almost half of these partners are academics as well. In fact, dual career academic couples are so prevalent that the two body problem has become a common way of referring to the situation. Increasingly intense competition to hire the best faculty forces institutions to assist dual career couples in finding suitable employment for the accompanying spouse or partner. The authors of *The Two Body Problem* examine policies and practices used by colleges and universities to respond to the needs of dual career couples within the economic, legal, and demographic contexts of higher education. Using data from an extensive survey of public and private universities as well as in-depth case studies of institutions representing distinctive approaches to this problem, the authors find that the type of institution, its location, size, governance, mission, and resource availability is a critical factor in determining dual career employment options. *The Two Body Problem* describes various accommodation models in depth and provides valuable information for college and university administrators responsible for hiring faculty and supporting their performance.

Lawrence Rodgers [Researching Black Communities](#) James S. Jackson, Cleopatra Howard Caldwell, Sherrill L. Sellers, 2012-09-14 Experts from a range of disciplines offer practical advice for conducting social science research in racial and ethnic minority populations. Readers will learn how to choose appropriate methods: longitudinal studies, national surveys, quantitative analysis, personal interviews, and other qualitative approaches, and how best to employ them for research on specific demographic groups. The volume opens with a brief introduction to the difficulty of defining a population and designing a research program, and then moves to illustrative examples drawn from the contributors' own studies of Blacks in the United States, the Caribbean, and South Africa. Case studies cover research on the media, mental health, churches, work, marital relationships, education, and family roles.

I Thought I Was the Only One: Grandparent Alienation: a Global Epidemic Amanda, 2021-06-15 If you are experiencing alienation from your children and grandchildren, this is the book for you. It will be your Bible, your indispensable guide as you try to negotiate your way through some of the most difficult and heart-wrenching days of your life. Amanda is the world's leading expert on grandparent alienation, and she has distilled into this book her years of experience and understanding as the tireless founder and indispensable leader of Alienated Grandparents Anonymous, the world's largest organization of estranged grandparents desperate to see and be with their own grandchildren. It is the indispensable Bible for hurt and puzzled and distraught grandparents. The Reverend Dr. John Killinger, author of *From Poppy with Love: Letters from a Grandfather to the Grandchildren He Isn't Allowed to See*, Amanda has provided a comprehensive and groundbreaking guide to the seemingly increasing intergenerational phenomenon of grandparents who are cut off from adult children and grandchildren. This is a must-read for anyone experiencing the grief, isolation, shame, and trauma associated with such situations. By sharing selected experiences from grandparents in her own
