**The Chinese Business Environment** Fuming Jiang, Bruce William Stening, 2006 This unique annotated bibliography contains the most important studies of the Chinese business environment comprising almost 1000 references to articles published in English language journals in the past fifteen years or so The editors have sought to focus on those writings that deal fairly directly with the impact of the Chinese business environment on foreign firms doing business in China Each work is fully referenced in a standard format has a brief description of its subject matter and has been given a classification code ensuring quick and easy identification of all articles on any given subject The indexes include a joint author index and a subject classification index which make the bibliography easily navigable and usable There is also an introduction by the editors explaining the rationale behind the book and the selection criteria along with a description of how it may be used most efficiently This book will serve as an invaluable reference book for scholars and researchers of Asian studies China most particularly and international business Senior executives and middle level managers of multinational corporations who have been operating in or who wish to do business in and with China would also find this a useful and rich source of information

**Developing Financial Leadership in Small-Medium Businesses** Stewart Barnes, Malcolm Prowle, 2025-03-12 Many small medium enterprises SMEs are very small organisations comprising mainly single person and micro businesses but in the United Kingdom there are around 250 000 small medium businesses SMBs which are substantial businesses with turnovers of millions or tens of millions of pounds A key requirement for thriving SMBs is effective leadership throughout the organisation One crucial aspect which is often overlooked is that of financial leadership Financial management in SMBs is often seen as a technique based activity whereby finance staff have a limited role preparing annual financial accounts and disseminating financial information to key individuals in the organisation They may act reactively by responding to requests for specific financial information On the other hand strong financial leadership is proactive constructive and innovative and plays a critical role in ensuring that organisations stay financially adaptable and can build resilience and sustainability in today's fierce market The most effective financial leaders have a sophisticated and thorough understanding of their organisation's financial health and they make decisions grounded in financial realities to use that information in their communication to demonstrate the strategic connection between money mission and purpose This research volume asserts that understanding the importance of utilising robust financial management approaches and financial information in making business decisions and assessing business performance is the key This is especially relevant for SMBs as they can have a significant influence on

countries economies It will therefore be of interest to researchers academics practitioners and advanced students in the fields of leadership financial management entrepreneurship and strategy [Accounting in a Business Context](#) Ev Ana C.
