Decided Return Migration Aida Ibričević,2024-06-04 This open access book creates conceptual links between political emotions citizenship home and belonging The book describes that in the case of decided return and reintegration to a post conflict society and a fragmented state like Bosnia and Herzegovina the returnees do not conceptualize the emotional dimension of their BiH citizenship as home and belonging as this citizenship does not make them feel safe and secure Instead feeling at home is found in family place and time while belonging is categorized as ethnic religious relational landscape linguistic and economic The emotional dimension of the home state citizenship is constituted through a wide spectrum of emotions ranging from anger frustration fear guilt shame disappointment nostalgia powerlessness to patriotic love pride defiance joy happiness and hope This book provides a valuable resource to students and scholars of migration and diaspora studies as well as political scientists human geographers and anthropologists [Anger, Madness, and the Daimonic](#)

struggle to see Breezy as more than just their little girl Determined to prove them wrong Breezy takes on the most intense challenge she can to fight her way to becoming a Master of Dragons at the renowned Monastery of the Yellow Rose Meanwhile in the shadows of Westbridge Dahlia Sin felle plots her rise to power Once a broken soul Dahlia has few friends and fewer options to make her way through the world But Dahlia believes she has discovered a new path to restored glory the transformative charm and cunning of a vampire With every step toward immortality she consolidates her influence building an empire from the darkness even as she contends with her own monstrous instincts and her complicated past with Breezy s family As Breezy fights her way through the shadows and Dahlia follows her dark ambitions both seek to find their place in a world that can be both brutal and beautiful No matter the challenges their divergent paths are forged by the same choice their fates will be theirs and theirs alone Homoeopathic Therapeutics Samuel Lilienthal,1879 *The Forum*

True Justice Robert K. Tanenbaum,2015-04-13 New York Times bestselling author Robert K Tanenbaum has more than seven million copies of his finely crafted and morally complex novels in print In True Justice he reaches new heights with a compellingly authentic and penetrating story pulled right from today s most controversial headlines For Butch Karp chief assistant district attorney for New York County the nightmare begins when a shocking act of negligence results in homicide Goaded by the media s sensational publicity the public is screaming for blood and Karp s boss D A Jack Keegan is listening He has ordered the prosecution of a fifteen year old for murder intent on making a very public example of the girl A Hispanic from a poor neighborhood she s an easy mark for big city bureaucracy and bigotry It is Butch Karp s unpleasant job to see that the prosecution gives the public what it wants a quick and thorough administration of hard line justice Complicating matters further is Butch s wife Marlene Ciampi a private investigator who has decided to return to practicing law Her first case takes her a few hundred miles south to a small Delaware town where an equally unspeakable tragedy has taken place Marlene however has the unenviable task of taking on a politically ambitious local prosecutor who is pressing to charge a suburban teenager with capital murder With Butch and Marlene squaring off on opposite sides of an increasingly incendiary national debate things couldn t get any more tense until a shocking turn of events puts their daughter Lucy at the center of a horrifying crime Suddenly everything they believe in is challenged and they are drawn into a maelstrom of big city politics and small town values where justice is sacrificed to the twin gods of public perception and expediency and Karp must struggle to salvage his self respect his career and his life **The Story of Duciehurst** Charles Egbert Craddock,1914

Original Forgiveness Nicolas de Warren,2020-12-15 In Original Forgiveness Nicolas de Warren challenges the widespread assumption that forgiveness is always a response to something that has incited it Rather than considering forgiveness exclusively in terms of an encounter between individuals or groups after injury he argues that availability for the

possibility of forgiveness represents an original forgiveness an essential condition for the prospect of human relations De Warren develops this notion of original forgiveness through a reflection on the indispensability of trust for human existence as well as an examination of the refusal or unavailability to forgive in the aftermath of moral harms De Warren engages in a critical discussion of philosophical figures including Martin Heidegger Hannah Arendt Mikhail Bakhtin Edmund Husserl Gabriel Marcel Emmanuel Levinas and Jean Am ry and of literary works by William Shakespeare Fyodor Dostoevsky Heinrich von Kleist Simon Wiesenthal Herman Melville and Maurice Sendak He uses this discussion to show that in trusting another person we must trust in ourselves to remain available to the possibility of forgiveness for those occasions when the other person betrays a trust without thereby forgiving anything in advance Original forgiveness is to remain the other person s keeper even when the other has caused harm Likewise being another s keeper calls upon an original beseeching for forgiveness given the inevitable possibility of blemish or betrayal

Impasse and Innovation in Psychoanalysis John E. Gedo, Mark J. Gehrie, 2013-05-13 Impasse and Innovation in Psychoanalysis offers a rare perspective on the technical difficulties and creative responses to them that typify clinical psychoanalysis The four seminars at the heart of this volume are not case reports in the usual sense Rather each seminar revolves around the challenges of translating an understanding of difficult process issues into an effective therapeutic response What emerges in each case is a vivid picture of an analyst s subjective experience in conceptualizing and managing a particularly demanding treatment supplemented by data about the patient s history and free associations and enlivened by seminar leader John Gedo s challenging questions and clinical commentary Each seminar is framed by Mark Gehrie s introduction and commentary the latter addressing the interplay of theory and technique in the preceding case Gehrie s commentary is then followed by Gedo s notes which are keyed to specific points in the seminar transcript Gedo not only clarifies issues left in doubt by the original discussion but offers his own second thoughts about the clinical material and its technical handling The uniquely dialogic format of this volume brings different voices to bear on issues at the forefront of the evolution of clinical psychoanalysis Edifying reading for practicing analysts and analytic therapists Impasse and Innovation in Psychoanalysis is a wonderful teaching tool introducing candidates residents and students to the demands of coping with stressful transferences and enactments and sparking throughout with Gedo s wit and wisdom
