Accidental Grace:

Accidental Grace, 2019 Accidental Grace: Selected Poems & Prose Ann Slayton, 2021 In poetry and prose Ann Slayton takes on wide ranging themes in an array of voices Among them the historical Anne Bradstreet 1612 1672 We Have from the First Been Singers Hester Prynne s young daughter The Spell Henry Moore s great sculpture itself Reclining Figure at Lincoln Center The tone of these poems is characterized by a metaphorical richness and cadenced rhythms as they move between deep meditation and comic satire in works such as Nothing Is Happening Again Partly Mozart Mostly Turkey Club and Everyone Was a Real One but Gertrude **Strype's Works** John Strype, 1821 **Accidental Grace** Rami Shapiro, 2015 Spiritual teacher writer rabbi and poet Rami Shapiro has taught thousands of people in workshops across North America for a quarter century His books have sold in the hundreds of thousands But before he did any of those things he was writing poems prayers and psalms that were anthologized in the Jewish siddurim of different denominations Now those spiritual teachings have been gathered together incorporating all of Rami s poetic work over the course of his long and varied career The result is startling as if we ve discovered a new spiritual teacher of great importance in verse **Encounters** O. S. U. Irene Mahoney, 2010 **The Anointed Son** Myk Habets, 2010-01-01 Spirit Christology complements Logos Christology in the same way in which Christ and the Spirit are mutually constitutive Or at least this should be the case The history of Christian thought shows that Logos Christology has dominated resulting in both an eclipse of Trinitarian doctrine and a diminution of pneumatology Recently there have been calls to reclaim a theology of the Third Article in order to present a Trinitarian theology that is faithful to Scripture the Great Tradition and one that is existentially viable While studies examine various aspects of Spirit Christology there has yet to appear a work that introduces the doctrine examines the various mutually exclusive proposals and offers a constructive trinitarian proposal The present work does just this introducing the constituent features of a Spirit Christology that is Trinitarian orthodox and contemporary The current work proposes a model of Spirit Christology that complements rather than replaces Logos Christology and does so in a robustly Trinitarian framework Within contemporary theology a pneumatically oriented approach to Christology is being advanced across denominational and traditional lines Those wanting to navigate their way through the many competing proposals for a Third Article theology will find a comprehensive map here **Handbook of Catholic Dogmatics 5.2** Matthias Joseph Scheeben, 2021-02-15 In Handbook of Catholic Dogmatics Book V Soteriology Part 2 the nineteenth century German dogmatician Matthias Joseph Scheeben turns to an in depth study of Christ s redemptive deed He begins this work with an exploration of the prerequisites for the In carnate Word s redemptive efficacy his personal capital grace and resultant perfections of intellect and will Scheeben then examines the various states or mysteries of Christ s life as well as the efficacy proper to his redemptive deed by which the God man restores and superabundantly perfects the supernatural or der ruined by the first human sin In this connection Scheeben also includes his Mariology in this volume precisely insofar as Mary is the

mother of the Redeemer Located here in his Dogmatics the figure of Mary thus serves as the point of departure for his planned treatment of the grace of Christ in its ecclesial mediation An Accidental Grace Irene Mahoney,1982-01-01 Ten years after leaving St Aidan s Sister Ruth Arendt searching for life s meaning and purpose returns to find a convent struggling to maintain its very existence Transactions of the National Association for the Advancement of Art and Its Application to Industry National Association for the Advancement of Art and Its Application to Industry,1890 **A Manual of Catholic Theology: The sources of theological knowledge. God. Creation and the supernatural order** Matthias Joseph Scheeben,Joseph Wilhelm,Thomas Bartholomew Scannell,1906 **Faith, Hope, and Love** Troy DuJardin,M. David Eckel,2022-07-22 These essays consider the three traditional theological virtues faith hope and love alongside their opposites doubt despair and hate from a scholarly perspective The volume includes contributions not just from philosophers of religion but also from psychologists sociologists and film and literature scholars to paint a complex and nuanced picture of these virtues both of how we might understand them and how we can hope to embody them ourselves While these virtues make up a core part of the Christian tradition the chapters here go far and wide in search of different cultural conceptions of these universal human concerns Inquiries are made into these virtues within Hindu Buddhist Jewish and Islamic thought alongside philosophers including Aristotle Hegel Kierkegaard Nietzsche Levinas and Murdoch The resulting tapestry is often beautiful sometimes horrific but always thoroughly human This text appeals to students and researchers working in these fields Chapter 9 is available open access under a Creative Commons Attribution 4 0 International License via link [springer.com](https://www.springer.com)

Translation Activity in Late Byzantine World Panagiotis Athanasopoulos,2022-09-06 During the late Byzantine period 1261 1453 a significant number of texts were translated from Latin but also from Arabic and other languages into Greek Most of them are still unedited or available in editions that do not meet the modern academic criteria Nowadays these translations are attracting scholarly attention as it is widely recognized that besides their philological importance per se they can shed light on the cultural interactions between late Byzantines and their neighbours or predecessors To address this desideratum this volume focuses on the cultural context the translators and the texts produced during the Palaeologan era extending as well till the end of 15th c in ex Byzantine territories By shedding light on the translation activity of late Byzantine scholars this volume aims at revealing the cultural aspect of late Byzantine openness to its neighbours The sources of theological knowledge.
