Stone Canvas Pawel Lech Polkowski,2023-03-27 This book presents proceedings of the conference devoted to rock art and graffiti studies in Egypt and Sudan that took place in Cairo from 10th to 12th November 2019 The thematic spectrum of the contributions is very wide in terms of both their geographical and their chronological range encompassing figural and textual sources dating from the Late Palaeolithic through the Predynastic Dynastic and Graeco Roman periods up to Christian and Islamic times Many of the papers combine evidence from various archaeological domains and also attempt to better integrate graffiti and rock art materials in search of a common ground for research Thus the volume provides a good overview of the current state of investigations in these two fields of study in Egypt and Nubia **Camels in the Biblical World** Martin Heide,Joris Peters,2021-10-26 Camels are first mentioned in the Bible as the movable property of Abraham During the early monarchy they feature prominently as long distance mounts for the Queen of Sheba and almost a millennium later the Gospels tell us about the impossibility of a camel passing through a needle s eye Given the limited extrabiblical evidence for camels before circa 1000 BCE a thorough investigation of the spatio temporal history of the camel in the ancient Near and Middle East is necessary to understand their early appearance in the Hebrew Bible **Camels in the Biblical World** is a two part study that charts the cultural trajectories of two domestic species the two humped or Bactrian camel *Camelus bactrianus* and the one humped or Arabian camel *Camelus dromedarius* from the fourth through first millennium BCE and up to the first century CE Drawing on archaeological camel remains iconography inscriptions and other text sources the first part reappraises the published data on the species domestication and early exploitation in their respective regions of origin The second part takes a critical look at the various references to camels in the Hebrew Bible and the Gospels providing a detailed philological analysis of each text and referring to archaeological data and zoological observations whenever appropriate A state of the art evaluation of the cultural history of the camel and its role in the biblical world this volume brings the humanities into dialogue with the natural sciences The novel insights here serve scholars in disciplines as diverse as biblical studies zoo archaeology history and philology **Sulha** Malka Marom,2013-02 Does one honor one s country or one s heart Malka Marom explores this classic dilemma in her stunningly powerful first novel an extraordinary tale of people caught up in a violent and seemingly endless historical conflict compelled by love and grief to

transcend it Sulha tells the story of Leora who twenty years after her husband was killed in the Sinai War is empowered by law to decide whether or not to allow her only son to serve high risk duty as his father did As Abraham was so severely tested so is Leora with her son s fate in her hands Charged with this burden Leora leaves her uneasy exile in Toronto and ventures to Sinai In the remote and treacherous mountain region of Sinai Leora encounters a Bedouin clan which offers her a glimpse of the other the mysterious Arab world that so fascinated her as a child the enemy that her son might face And indeed mounting danger and mystery pervade the air of the Bedouin compound But are these people really the enemy Is sulhaOCoforgiveness reconciliation peaceOConot possible here The modern Israel to which Leora then travels offers no clear answers and a deep enmity towards her To her former compatriots she is the otherOCOoutsider exile even a deserter from the land to which her husband gave his life to defend Sulha is the story of one woman s search for the answer to her son s future and through it the reconciliation of her own fragmented past In the process it explores the interlocking and sometimes irreconcilable boundaries of love and loyaltyOCoto a person a people a land This updated eBook edition of Sulha has been enhanced with an extensively annotated appendix of photographs taken by the author while she lived and roamed the desert with the Bedouins as well as a series of questions designed as conversation starters for book clubs
