Although the title is somewhat misleading, editor George Rawlyk makes it clear in the Preface that the unique purpose of this collection of five essays is to highlight the place of evangelicalism within the broader picture of Protestantism in Canada, and to examine its role in the social and cultural development of Canada as a nation.

In the first chapter, Nancy Christie examines a period in which two different, often opposing, expressions of Protestantism developed in the Maritimes and Upper Canada (1760-1815). She argues that the New Light Baptists and the Methodists were "two facets of a common popular religious impulse which sought to redefine British North American society in contrast to the established authority." The emphasis that each individual must take responsibility for their own spiritual welfare unwittingly generated a social revolution by fostering notions of equality, liberty and freedom. Propagated by an army of itinerant evangelists, this message functioned as a "fulcrum of dissent" against the traditional views of elite control and ecclesiastical homogeneity, and in so doing left an indelible impression on Canadian culture.

The second essay, written by Michael Gauvreau, examines the period between the War of 1812 and Confederation. He extends Christie's argument by suggesting that the evangelical impulse, "a passion, a living force, a pulsating energy infusing the individual soul and human communities," transformed the culture of nineteenth-century British North America by presenting "a rival vision of social order," which advocated the "rejection of an inherited model of religious, social and political organization, founded upon traditional notions of rank, status, and social subordination." Gauvreau also explores how this impulse deeply influenced the intellectual climate in Canada by modifying various Enlightenment emphases.

In the third chapter, Phyllis Airhart surveys the period between Confederation and the Great War (1867-1914). The initial apathy towards confederation changed when the challenge of creating a Canada as "His Dominion" fired the imagination of Protestant leaders. This vision provided the "symbolic coherence for a broadly based consensus" and found practical expression through missionary activity, reform movements and the
