Can Art:

Explorations in Art, Theology and Imagination Michael Ridgwell Austin, 2016-04-08 Christianity has repeatedly valued the Word over and above the non verbal arts Art has been seen through the interpretative lens of theology rather than being valued for what it can bring to the discipline Explorations in Art Theology and Imagination argues that art is crucially important to theology The book explores the interconnecting themes of embodiment and incarnation faith and imagination and the similarities and differences between art and theology Arguing for a critique that begins with art and moves to theology Explorations in Art Theology and Imagination offers a radical re evaluation of the role of art in Christian discourse

Frameworks and Practices Towards a Sustainable and Peaceful Future Ayyoob Sharifi, John Lee Candelaria, Dahlia Simangan, Shinji Kaneko, 2026-03-03 This edited volume examines pathways toward achieving peaceful and sustainable futures drawing from diverse case studies and conceptual frameworks As the fourth in a well received series it builds upon established research while addressing the practical connections between peace and sustainability The theme of the book was deeply examined and thoughtfully interrogated at the NERPS 2025 conference in Manila where researchers and practitioners gathered to discuss these crucial intersections At the heart of this book is the matter of how environmental sustainability and peace support each other a connection that deserves greater attention in both research and policy The collection compiles global perspectives providing empirical evidence that integrated approaches to peace and sustainability yield more effective outcomes than when these objectives are pursued independently Contributors analyze various initiatives across educational systems governance structures community organizations and technological innovations to identify both challenges and opportunities for progress By examining real world examples the volume offers insights into successful interventions as well as persistent barriers This work provides researchers policymakers and practitioners with knowledge that can help address interconnected challenges of conflict and environmental change *The American Art Printer*, 1887 *Arts Digest*, 1937

Protestant Aesthetics and the Arts Sarah Covington, Kathryn Reklis, 2020-01-27 The Reformation was one of the defining cultural turning points in Western history even if there is a longstanding stereotype that Protestants did away with art and material culture Rather than reject art and aestheticism Protestants developed their own aesthetic values which Protestant Aesthetics and the Arts addresses as it identifies and explains the link between theological aesthetics and the arts within a Protestant framework across five hundred years of history Featuring essays from an international gathering of leading experts working across a diverse set of disciplines Protestant Aesthetics and the Arts is the first study of its kind containing essays that address Protestantism and the fine arts visual art music literature and architecture and historical and contemporary Protestant theological perspectives on the subject of beauty and imagination Contributors challenge accepted preconceptions relating to the boundaries of theological aesthetics and religiously determined art disrupt traditional understandings of periodization and disciplinarity and seek to open rich avenues for new fields of research Building on

renewed interest in Protestantism in the study of religion and modernity and the return to aesthetics in Christian theological inquiry this volume will be of significant interest to scholars of Theology Aesthetics Art and Architectural History Literary Criticism and Religious History

Emotion in Aesthetics Warren A. Shibles, 2013-03-09 *Emotion in Aesthetics* is the first book on aesthetics to provide an extensive theory of emotion application of the cognitive emotive theory to aesthetics analysis of the relationship between aesthetics metaphor and emotion a full theory of meaning and its application to aesthetics discussion of the relationship between aesthetics music and language in terms of phonetics phonology and intonation an analysis of humanistic aesthetics a well developed naturalistic theory of ethics as applied to aesthetics and emotion Stress is placed on the views of contemporary philosophers as well as some of the main historical accounts of emotion in aesthetics The important recent work on emotion has not hitherto been applied to

aesthetics As a result there is still much confusion in aesthetics about aesthetic emotion and related concepts such as the expression theory of emotion The present book has been written to show how the theory can be used to clarify the issue resulting in a major breakthrough in aesthetics In addition the theory presented is valuable in relating aesthetics to ethics and humanism **Harper's New Monthly Magazine** ,1878 **Evolution in Science, Philosophy, and Art** Brooklyn Ethical Association,1891 **Seeing Slowly** Michael Findlay,2017-09-26 When it comes to viewing art living in the information age is not necessarily a benefit So argues Michael Findlay in this book that encourages a new way of looking at art Much of this thinking involves stripping away what we have been taught and instead trusting our own instincts opinions and reactions Including reproductions of works by Mark Rothko Paul Klee Joan Mir Jacob Lawrence and other modern and contemporary masters this book takes readers on a journey through modern art Chapters such as What Is a Work of Art Can We Look and See at the Same Time and Real Connoisseurs Are Not Snobs not only give readers the confidence to form their own opinions but also encourages them to make connections that spark curiosity intellect and imagination The most important thing for us to grasp writes Findlay is that the essence of a great work of art is inert until it is seen Our engagement with the work of art liberates its essence After reading this book even the most intimidated art viewer will enter a museum or gallery feeling more confident and leave it feeling enriched and inspired *Subject Catalogue of the Library of the Royal Empire Society Formerly Royal Colonial Institute* Royal Commonwealth Society.
