between the so called liberal and conservative approaches and acknowledges the need for greater dialogue between them providing a deeper understanding of the methods and approaches of these significant figures This new book from a major figure in the field will be an important resource for students and scholars of US Catholic moral theology and for anyone seeking to understand the current state of moral theology in America today

Conscience, 1997 **Theology** María Pilar Aquino, Roberto S. Goizueta, 1998 English one essay in Spanish Includes bibliographical references Loyal Dissent Charles E. Curran, 2006-05-01 Loyal Dissent is the candid and inspiring story of a Catholic priest and theologian who despite being stripped of his right to teach as a Catholic theologian by the Vatican remains committed to the Catholic Church Over a nearly fifty year career Charles E Curran has distinguished himself as the most well known and the most controversial Catholic moral theologian in the United States On occasion he has disagreed with official church teachings on subjects such as contraception homosexuality divorce abortion moral norms and the role played by the hierarchical teaching office in moral matters Throughout however Curran has remained a committed Catholic a priest working for the reform of a pilgrim church His positions he insists are always in accord with the best understanding of Catholic theology and always dedicated to the good of the church In 1986 years of clashes with church authorities finally culminated in a decision by the Congregation for the Doctrine of the Faith headed by then Cardinal Josef Ratzinger that Curran was neither suitable nor eligible to be a professor of Catholic theology As a result of that Vatican condemnation he was fired from his teaching position at Catholic University of America and since then no Catholic university has been willing to hire him Yet Curran continues to defend the possibility of legitimate dissent from those teachings of the Catholic faith not core or central to it that are outside the realm of infallibility In word and deed he has worked in support of more academic freedom in Catholic higher education and for a structural change in the church that would increase the role of the Catholic community from local churches and parishes to all the baptized people of God In this poignant and passionate memoir Curran recounts his remarkable story from his early years as a compliant pre Vatican II Catholic through decades of teaching and writing and a transformation that has brought him today to be recognized as a leader of progressive Catholicism throughout the world

argues Charles E Curran in this new meticulously reasoned set of essays must be in dialogue with present realities sometimes criticizing them severely and at other times learning from them Curran begins by examining the tensions existing in the Roman Catholic church today and suggests why they are more severe than they should be He argues that official Catholic social teaching in sexual areas and Catholic ecclesiology have not incorporated a moral theology based on creative fidelity he calls for a change in official sexual teaching ecclesiology and the exercise of the hierarchical magisterium on the basis of the methodological approaches found in contemporary official Catholic teaching Richard A McCormick Curran suggests is one contemporary Catholic moral theologian who successfully illustrates creative fidelity by employing the casuistic method of the Jesuit tradition in moral theology to evaluate the changing problems of our contemporary life Curran discusses perennial issues in moral theology that take on crucial importance in the changing realities of our contemporary existence the relationship between Christian and human morality divine providence and human responsibility academic freedom and military force Throughout the volume while fully aware that the Roman Catholic church and moral theology will always know and experience the tensions of creative fidelity Curran challenges himself and his readers to make certain that these tensions contribute to the ongoing life of the church *Journal of Ecumenical Studies*, 1990 **American Book Publishing Record Cumulative 1993** R R Bowker Publishing, 1994-03 Cited in BCL3 Sheehy and Walford Compiled from the 12 monthly issues of the ABPR this edition of the annual cumulation lists by Dewey sequence some 41 700 titles for books published or distributed in the US Entry information is derived from MARC II tapes and books submitted to R R Bowker an **Encyclopaedia of Religion and Ethics** James Hastings, 1951 **Church-state Relations in Ecumenical Perspective** Elwyn Allen Smith, 1966 With one exception these essays were delivered during the academic year 1956 66 to the graduate Seminar in Ecumenics conducted by Duquesne University Pittsburgh and the Pittsburgh Theological Seminary United Presbyterian Includes bibliographical references Table of Contents Secularity and ecumenism Daniel Callahan The impact of ecumenism on Catholic church state relations Leonard Swidler Jewish commitments in relations of church and state Arthur Gilbert Biblical concepts of community and state John L McKenzie S J Moral society and immoral man Michael Novak Natural law in the teachings of St Paul Markus Barth Natural law in the teachings of St Thomas Aquinas Michael Strasser Natural law in the teachings of John Calvin Arthur C Cochrane Contract and status in religion and law Leo Pfeffer Subsidiarity and the ecumenical establishment Dean M Kelley Religion and conscience in constitutional law Elwyn A Smith **Christian Ethics ...: Special part.
