International Journal of Communication,2004 Crm - How It Can Help Medium Size Companies and Are There Any Downsides to Its Implementation Jan Heyn,2012-04 Master s Thesis from the year 2010 in the subject Business economics Marketing Corporate Communication CRM Market Research Social Media grade 1 7 University of Bedfordshire course Applied Management Project Master Thesis language English abstract III Executive Summary In the past CRM Customer Relationship Management was seen more clearly as a strategic tool in conjunction with technological progress Now more and more companies use CRM to earn benefits It helps to understand manage and develop customer specific analyses in order to increase customer loyalty and customer satisfaction The fast growing market of the different CRM systems is becoming more and more obscure but also more and more interesting for medium sized enterprises This implementation promises to survive in the market and achieve a competitive advantage This thesis therefore aims to create a guideline to set aside to a number of clients that helps the clients of medium sized companies to get a sufficient overview of the whole situation around the subject of CRM Relevant information about the variety of systems conditions and requirements of using CRM within an enterprise will be provided In addition the positive and negative aspects of CRM will be mentioned in this report Based on the findings this report will clarify the question which economic strategy is correct or preferred for medium sized companies Many providers offer companies to rent their CRM system during the first steps of implementation rather than to buy it This offers the possibility to optimise one s own corporate strategy with regard to the procedure which will change a corporate strategy by implementation of a CRM system The prerequisites of successful implementation consist of many different changes within the company These changes are the key factors to a successful and profitable decision about the failure or success of the strategy in the market To round off the issue of the topic customer sat

Customer Relationship Management Kristin L.

Anderson, Carol J. Kerr, 2001-09-22 This reader friendly series is must read for all levels of managers All managers whether brand new to their positions or well established in the corporate hierarchy can use a little brushing up now and then The skills based Briefcase Books Series is filled with ideas and strategies to help managers become more capable efficient effective and valuable to their corporations As customer loyalty increasingly becomes a thing of the past customer relationship management CRM has become one of today s hottest topics Customer Relationship Management supplies easy to apply solutions to common CRM problems including how to maximize impact from CRM technology which data warehousing techniques are most effective and how to create and manage both short and long term relationships

Customer Relationship Management for Small- and Midsized Businesses in Austria. A focus on CRM On Premise vs. CRM

On Demand with mobile extension Thomas Baldinger, 2006-01-23 Diploma Thesis from the year 2005 in the subject Business economics Customer Relationship Management CRM grade 1 University of Linz IDV Institut f r Datenverarbeitung in den Sozial und Wirtschaftswissenschaften language English abstract Foreword The reason why I chose this topic for my thesis is mainly because of the fact that I have been working as a Consultant for a software company where my main responsibilities are focused on implementing CRM Solutions for small and medium sized companies in Austria My experiences in this segment were influenced by the meetings with vendors of such solutions as well as during the planning implementing and service phases with the customer The projects I have been involved and the studying of news related articles websites and magazines in this market strengthened my opinion that Customer Relationship Management has raised a lot of attention amongst the business world in recent years Not only the hype but also problems that occurred with Customer Relationship Management forced companies to re think their methodology and business strategy Analysts and business men are still aware of the power and growing importance of CRM technology Companies are adopting the benefits of 360 degree view into their organization that is used to gain higher return on investment of marketing campaigns and to handle more effectively and efficient customer service The productivity and value of CRM solutions is steadily increasing because of the influence of the Internet and the possibilities for mobile office integration The new approach to define CRM not as a single software tool but moreover as perhaps one of the most important keys to support and redesign a company s business strategy is showing the shift from traditional software to CRM for the 21 st century On demand services and wireless integration makes the current state of the art solutions scalable easier to adopt and offer affordable utilities to realize also the visions of small and medium sized companies

The Executive's Guide to Customer Relationship Management Paul Anderson, Arthur D. Rosenberg, Arthur M. Rosenberg, 2000

The E-Business Project Manager H. James Harrington, Thomas McNellis, 2002-12-12 Converting Customer Value John A.
