**Lincoln and the Constitution** Brian R. Dirck, 2012-05-12 In this highly readable study of Abraham Lincoln's thoughts and actions concerning the U S Constitution Brian R Dirck combines extensive primary research and thoughtful accessible consideration of Lincoln's views to reveal new insights into Lincoln's impact on the U S Constitution In the statesman's roles as a leading antebellum politician an ardent critic of slavery and the president of the United States during the Civil War Lincoln fashioned a strong antislavery constitutional ideology and articulated a constitutional vision of the Civil War that reinforced his determination to restore the Union Grounding Lincoln's constitutionalism in his reading habits and early legal career Dirck masterfully balances biographical details Lincoln's value system the opinions of his supporters and critics and key events and ideas to show how his thinking about the U S Constitution changed over time From Lincoln's deep reverence for the work of the Founding Fathers to his innovative interpretation of presidential war powers Dirck reveals Lincoln's understanding of the Constitution to be progressive emphasizing federal power as a tool to develop the economy and pragmatic in that he was often forced to make decisions on the fly during a remarkably volatile period in American history Lincoln used his conception of presidential war powers to advance the twin causes of Union and emancipation and Dirck explores the constitutional problems stirred by curbs Lincoln placed on civil liberties internal security and freedom of expression during wartime More than a straightforward overview of Lincoln's constitutional views Lincoln and the Constitution provides a starting point for further inquiry into interpretations and defenses as well as the political intellectual and cultural traditions of the founding document of the United States In the end Dirck shows Lincoln viewed the political and legal traditions of the Constitution with optimism emphasizing throughout his life the possibilities he believed the document held always keeping faith in it and swearing to protect it even as he was awash in a sea of blood and controversy Univeristy Press Books for Public and Secondary Schools 2013 edition

**Abraham Lincoln and Making a Case** Joseph F. Roda, 2018-11-17 We remember Abraham Lincoln for many things but without his ability at persuasion we would remember him for nothing It was that ability that brought him first to national prominence and the White House and then through the most difficult four years that any

president has ever faced This book focuses exclusively on that ability looking first at Lincoln s history of persuasive efforts from the poverty stricken boy who stood on tree stumps to repeat sermons through the young state legislator and congressman courtroom lawyer rising national politician and ultimately president and then at what made him so effective his personality and intellect his credibility and clarity and his masterful use of fact logic and emotion It is a remarkable story

**The Broken Constitution** Noah Feldman,2021-11-02 A groundbreaking look at how Abraham Lincoln broke the Constitution in order to remake it for a nation divided In *The Broken Constitution* Noah Feldman presents an innovative account of Abraham Lincoln as a constitutional thinker and doer Revered for his brilliance compassion humor and commitment to liberty and justice for all Lincoln led the nation into a bloody civil war to uphold the system of government established by the US Constitution But how did Lincoln understand and shape the Constitution Feldman argues that Lincoln deliberately violated the United States founding arrangements When he came to power it was widely believed that the federal government could not use armed force to prevent a state from seceding that civil liberties could be suspended by Congress but not the president during a rebellion and that the federal government had no authority over slavery in states where it existed Lincoln broke decisively with these precedents effectively rewriting the Constitution s place in the American system *The Broken Constitution* offers a riveting narrative of Lincoln s constitutional choices and how he made them placing Lincoln in the rich context of thinking of the time from African American abolitionists to his Republican rivals and Secessionist ideologues Before the Civil War the Constitution was a compromise pact between states after Lincoln it became a sacred text embodying the nation s highest ideals Includes 8 Pages of Black and White Illustrations [Report of the President of the Johns Hopkins University, Baltimore, Maryland](#) Johns Hopkins University,1925 **Faith and the**

**Presidency From George Washington to George W. Bush** Gary Scott Smith,2006-10-12 In the wake of the 2004 election pundits were shocked at exit polling that showed that 22% of voters thought moral values was the most important issue at stake People on both sides of the political divide believed this was the key to victory for George W Bush who professes a deep and abiding faith in God While some fervent Bush supporters see him as a man chosen by God for the White House opponents see his overt commitment to Christianity as a dangerous and unprecedented bridging of the gap between church and state In fact Gary Scott Smith shows none of this is new Religion has been a major part of the presidency since George Washington s first inaugural address Despite the mounting interest in the role of religion in American public life we actually know remarkably little about the faith of our presidents Was Thomas Jefferson an atheist as his political opponents charged What role did Lincoln s religious views play in his handling of slavery and the Civil War How did born again Southern Baptist Jimmy Carter lose the support of many evangelicals Was George W Bush as his critics often claimed a captive of the religious right In this fascinating book Smith answers these questions and many more He takes a sweeping look at the role religion has played in presidential politics and policies Drawing on extensive archival research Smith paints compelling portraits of

the religious lives and presidencies of eleven chief executives for whom religion was particularly important Faith and the Presidency meticulously examines what each of its subjects believed and how those beliefs shaped their presidencies and in turn the course of our history Lincoln's Selected Writings (International Student Edition) (Norton Critical Editions) Abraham Lincoln, 2016-04-04 Bancroft Prize winning scholar David S Reynolds edits and introduces a broad selection of Abraham Lincoln's writings from his earliest days through his last Lincoln's Selected Writings includes a rich selection of his public and private letters speeches eulogies proposals debate transcriptions addresses including the First and Second Inaugurals and more The texts are accompanied by explanatory annotations a detailed preface a note on the texts and a list of abbreviations Lincoln's writings are followed by contemporary responses to him in poems songs and articles representations of Lincoln in modern imaginative and nonfiction writing and selections from recent cross disciplinary studies of Lincoln including discussions of his literary techniques and oratorical style as well as examinations of his political evolution in new cultural and social contexts Among the many contributors are Horace Greeley Jesse Hutchinson Nathaniel Hawthorne Karl Marx Ralph Waldo Emerson Harriet Beecher Stowe Victor Hugo and Walt Whitman Modern Views presents sixteen major interpretations of Lincoln's life work and legacy carefully chosen to promote discussion The contributors are Carl Sandburg Allen C Guelzo James Oakes Gillian Silverman Richard N Current Harold Holzer Sean Wilentz Eric Foner Manisha Sinha Robert A Ferguson Gabor Boritt James McPherson Stephen Cushman Faith Barrett David S Reynolds and Richard Carwardine and Jay Sexton A chronology selected bibliography and index are also included **Johns Hopkins University Circulars** Johns Hopkins University, 1925 *History of the Civil War, 1861-1865* James Ford Rhodes, 1917 **The Yale Alumni Weekly**, 1908 **The Story of the Civil War** John Codman Ropes, 1898 Yale Alumni Weekly, 1907 **P.
