**Cy Twombly** Kirk Varnedoe, 1998-09-01 This is a full and richly nuanced study of the career of Cy Twombly b 1928 an American artist whose work forms a unique bridge between Europe and America in the postwar era An almost legendary figure among artists in the 1960s and 1970s Twombly connects in his work such disparate traditions as Abstract Expressionism and the more conceptually oriented art that came to prominence in the 1970s Kirk Varnedoe's text draws on much previously unpublished material both visual and textual Nearly 50 of the artist's most important paintings are illustrated as well as a dozen sculptures and approximately 45 works on paper In addition some 60 documentary illustrations are included in the text

Merleau-Ponty at the Gallery Véronique M. Fóti, 2020-03-01 A study of the significance of the visual arts in Merleau Ponty's aesthetics in relation to the work of five artists not known or discussed by him Merleau Ponty's phenomenological ontology engages deeply with visual art and this aspect of his work remains significant not only to philosophers but also to artists art theorists and critics Until recently scholarly attention has been focused on the artists he himself was inspired by and wrote about chiefly C zanne Klee Matisse and Rodin Merleau Ponty at the Gallery expands and shifts the focus to address a range of artists Giorgio Morandi Kiki Smith Cy Twombly Joan Mitchell and Ellsworth Kelly whose work came to prominence in the second half of the twentieth century and thus primarily after the philosopher's death V ronique M F ti does not confine her analyses to Merleau Ponty's texts which now importantly include his late lecture courses but also engages directly with the art Of particular concern to her is the art's ethical bearing especially as related to animal and vegetal life The book's concluding chapter addresses the still widespread rejection of beauty as an aesthetic value The book operates along several lines at once offering insightful and new critical readings of

artists through the lens of Merleau Ponty's scholarship Clearly written and engaging it will be of interest to a wide range of scholars and students Rajiv Kaushik Brock University

**Cy Twombly's Things** Kate Nesin, 2014 Cy Twombly 1928 2011 is widely acknowledged as one of the postwar period's most influential American artists yet his sculptures are little known From 1946 onward he made hundreds of rarely exhibited found object assemblages often painted or plastered over with diverse coatings of white Across decades Twombly thus developed a singular strikingly consistent body of work despite the shifting status of sculpture during his lifetime In this revelatory monograph Kate Nesin first establishes then evaluates the artist's long engagement with the historical and contemporary limits of sculpture both as medium and as word While others have described Twombly's three dimensional works as timeless transcendent and poetic Nesin complicates our sense of their so called poetry focusing on the prosaic conspicuously material operations of these sculptural things and emphasizing the inherent difficulties as well as possibilities of the language used to characterize them Through close readings of individual works and in depth analyses of certain guiding concerns such as surface naming gaps and repetitions she illuminates Twombly's remarkable sculptural practice

**From Pop to Now** Sonnabend Gallery (New York, N.Y.), Rachel Haidu, 2002 Taking one of Andy Warhol's famous Campbell soup can paintings as its starting point From Pop to Now presents a definitive survey of works collected by international gallery owners Ileana and Michael Sonnabend over the last four decades For more than half a century the Sonnabends have been a seminal force in the contemporary art world often showing bold new work considered impossible to sell or too difficult for the times In Paris from 1962 to 1973 and in New York from 1970 to the present the Sonnabend galleries shows have showcased a virtual who's who of contemporary art spanning the full gamut of artistic exploration from Pop Art to Minimalism and Conceptualism from painting and sculpture to video and photography During the height of the Pop movement Ileana was dubbed the Mom of Pop Art and the impact made by her artists at the time among them Jasper Johns Robert Rauschenberg Cy Twombly Andy Warhol Roy Lichtenstein Claes Oldenburg and James Rosenquist is now as legendary as Sonnabend's passion for collecting contemporary art Committed to exposing audiences in Europe and the
