Longman, Rhonda Holt Atkinson, 2002 *College Learning and Study Skills* provides an excellent in depth examination of the academic strategies students need to succeed in class. The text offers detailed advice with little busy work and focuses on the essential areas that students need to pass their exams, complete assignments and write informative term papers. Noted for its interactive text workbook format and student friendly style, all the exercises in the book help monitor students' comprehension of each chapter. Throughout the book there are numerous opportunities for the students to reflect on their own habits and to practice their writing, research and use of the Internet. Detailed examples are integrated throughout the narrative so that students can see the application of essential study skills in a real life context. *Rhythms of College Success* Stephen Piscitelli, Steve Piscitelli, 2007 For courses in Student Success or First Year Experience. His message is memorable, his energy is contagious. Building on Steve Piscitelli's classroom experiences and workshops, his new book *Rhythms of College Success: A Journey of Discovery, Change and Mastery* focuses on the whole student, both internally and externally. It embraces the power of personal choice and addresses the sometimes competing needs of first year students. Using a universal theme of music, the book offers memorable messages that show how respect, responsibility, reflection and renewal can fuel student success. Throughout the text, readers are introduced to the 4R's and how these, along with change and life balance, impact one's future and one's success. More than 100 activities, 75 figures and innovative part openers keep students engaged and help them on their own journey of discovery, change and mastery. **Im-Your Gde Coll Succ** Santrock, 2003-05 **Intermediate Algebra with Nolting Seventh Edition, Custom Publication** Aufmann, 2005-03 **The Civil service year book and official calendar**, 1906 *Student Success Strategies* Hatch, Al Siebert, 1996 This innovative book for student orientation courses uses the concept of doing to learn to encourage students to adopt skills and behaviors that will help them be more successful in college. Professors can choose from many activities in forty-eight timely topics that provide a structure in which students discover and evaluate their strengths and weaknesses, set goals for improvement and develop skills to achieve those goals.
