Czech Music ,2006 Beyond the Sea of Beer Miloslav Rechcigl Jr.,2017-11-09 This is a comprehensive history of immigrants from the historic lands of the Bohemian Crown and its successor states including Czechoslovakia and the Czech Republic based on the painstaking lifetime research of the author The reader will find lots of new information in this book that is not available elsewhere The title of the book comes from a popular song of the famous Czech artistic duo Voskovec and Werich who described America in those words when they lived here reflecting on their love for this country It covers the period starting soon after the discovery of the New World to date The emphasis is on the US although Canada and Latin America are also covered It covers the arrival and the settlement of the immigrants in various states and regions of America their harsh beginnings the establishment of their communities and their organization A separate section is devoted to the contributions of notable individuals in different areas of human endeavor including Bohemians Moravians Bohemian Jews and the Slovaks These people excelled in just about every facet of human undertaking Even though a total number of these immigrants were fewer than other ethnic groups their accomplishments were phenomenal Nothing like this has ever been published since the time Thomas Capek wrote his classic *The Cechs Bohemians in America* some one hundred years ago

Czech & Slovak Republics ,1999 **Journeys Into Czech-Moravian Texas** Sean N. Gallup,1998 In this book the author honors the multicultural richness of rural America by revealing a rich and still flourishing culture that is relatively unknown Through a combination of more than one hundred poignant photographs and detailed captions he gives visual evidence of the traditional connections and variety of contemporary Texas Czech life and culture He also shows the power of ethnic belonging as well as the forces of Texas Czech cultural decline and rejuvenation *A Short Survey of Czech*

Literature František Chudoba,1924 **Repertoire for the Solo Voice** Noni Espina,1977 **Music and Musicians** ,1919

Czech-Americans in Transition Clinton Machann,1999 This collection of papers is based on presentations made at the 1997 Annual Meeting and Conference of the Czechoslovak Society of Arts and Sciences held July 12 13 1997 the the Bell County Exposition Center in Belton TX in conjunction with the 100th Anniversary of the Slovonic Benevolent Order of the State of Texas *Making History* Michael Long,2005-02-02 In December 1989 VOclav Havel and a relatively small group of intellectuals and students brought about the collapse of the communist regime of Czechoslovakia in what is now known as the Velvet Revolution *Making History* Czech Voices of Dissent and the Revolution of 1989 brings together the personal narratives of eleven former dissidents who though close associates of Havel operated without his international celebrity The

narratives based on interviews conducted by the author in Prague and Berlin relate each individual's personal experiences on topics such as growing up in Czechoslovakia, life as a dissident, the Velvet Revolution, and the achievements and failures of the Czech Republic since 1989. Through their many voices, we come to understand that the life of a dissident is one of hardship, uncertainty, and constant surveillance, yet at the same time, life in the underground allows a certain degree of freedom unattainable in official society.
