Computer-assisted Human Resources Planning Richard J. Niehaus, 1977 Strategic Human Resource Planning Applications Richard J. Niehaus, 2012-12-06 This volume is the proceedings of a symposium entitled Strategic Human Resource Planning Applications which was held at the University of Pennsylvania in Philadelphia on December 4-6, 1985. The meeting was sponsored by the Research Committee of the Human Resource Planning Society. In developing the symposium, the Research Committee built upon a study which resulted in a broad research agenda for the Society. The thrust of that research agenda was emphasis on linking the state of practice with the state of the art. In the case of the symposium, emphasis was on the presentation of forward looking applications which could help member organizations link current practice with the research frontier. The meeting had sessions on: 1. Description of Issues, 2. Human Resource Costs and Strategy, 3. Case Studies of Strategic Planning, 4. Computer Technology and Office Automation, 4. Large Scale Forecasting and Compensation Issues, 5. Models for Policy Analysis, 6. Work Force Optimization, 7. Implementation of Information Processing Activities, 8. Productivity Analysis, and 9. Relationship of Strategy to Practice. Thirty papers were presented with discussion sessions at appropriate points in the meeting. This volume contains 18 of these papers along with an introductory paper. A short summary is also provided at the beginning of each major subdivision into which the papers are arranged. **Bottom Line Results from Strategic Human Resource Planning** R.J. Niehaus, K.F. Price, 2013-06-29 This volume is the proceedings of a symposium entitled Bottom Line Results from Strategic Human Resource Planning which was held at Salve Regina University, Newport, Rhode Island, on June 11-14, 1991. The meeting was sponsored by the Research Committee of the Human Resource Planning Society (HRPS). In developing the agenda, the Research Committee continued the approach used in previous HRPS research symposia. The focus of these meetings is on the linkage of the state of practice with the state of the art. Particular attention was placed on research studies which were application oriented so that member organizations can see examples of ways to extend current practices with the knowledge presented by the applications. The meeting had sessions on: 1. The Strategic Role of Human Resources, 2. Globalization, 3. Downsizing, 4. Quality as a Strategic Human Resource Issue, 5. Forecasting Human Resource Needs, and 6. Managing People to Build Competitive Advantage. Twenty-six papers were presented with discussion periods at appropriate points in the meeting. This volume contains twenty-two of these papers along with an introductory paper. A short summary is also provided at the beginning of each major subdivision into which the papers are arranged. Thanks are in order for all who contributed to the success of the meeting. **The Strategic Human Resource Management Sourcebook** Lloyd Baird, Craig Eric Schneier, Richard W.
