Dominating Markets With Value Hc 2002:

The State, Class and Developmentalism in South Korea Hae-Yung Song, 2019-10-16 This book problematizes the statist underpinnings of the concept of the developmental state in terms of both state society and national global relations challenging the notion that the state is the agent of national development qua being autonomous from the domestic and global economies Presenting a thorough and comprehensive critical assessment of the extant approaches and theories of the Korean developmental state in particular this book demonstrates that the existing literature including Marxist critiques only inadequately and partially challenge statism It examines how statism reinforces and is reinforced by Third World Developmentalism the idea that development is in itself a positive goal and that a nationally autonomous mode of development should be promoted as a means of empowerment In opposition this book offers a critique of statism by constructing an alternative theoretical framework extending Marx's concept of commodity fetishism to state society and national global relations Drawing on a new theoretical framework and significant Korean literature *The State Class and Developmentalism in South Korea* offers a novel historical interpretation and critique of the developmental state in the Korean context As such it will be useful to students and scholars of Asian studies Development Studies and International Political Economy

A Profitable Cost Culture Ganesh Shermoo, 2018-08-05 Profitability is not a stand alone aspect of a business organization It is inextricably linked with Costs But Profits and costs requires a facilitating culture A company's culture can have a significant impact on financial performance Companies with adaptive cultures emphasized by key managerial constituencies customers stockholders and employees realized revenue stock price net income increases Such cultural experiences are best applied when organizations seek to push employee contribution ahead of other factors that influences business performance Maintain a transparent strategic focus and alignment so that employees know how they are contributing to the results where employees come on par with customers when fulfillment of need is concerned
