Dominican Revolt A Case Study In America:

The Dominican Revolt Theodore Draper,1988 [The Dominican Revolt. A Case Study in American Policy.](#) [By] Theodore Draper American Jewish Committee,Theodore Draper,1968 **The Dominican Revolt** Theodore Draper,1968 [Wars of Latin America, 1948-1982](#) René De La Pedraja,2013-04-29 This book continues the narrative begun by the author in Wars of Latin America 1899 1941 It provides a clear and readable description of military combat occurring in Latin America from 1948 to the start of 1982 In an unusual peaceful lull Latin America experienced no wars from 1942 to 1947 Although the text concentrates on combat narrative matters of politics business and international relations appear as necessary to explain the wars The author draws on many previously unknown sources to provide information never before published The book traces the many insurgencies in Latin America as well as conventional wars Among the highlights are the chapters on the Cuban and Nicaraguan insurrections and on the Bay of Pigs invasion One goal of the text is to explain why of the many insurgencies appearing in Latin America only those in Cuba and Nicaragua were successful in overthrowing governments The book also helps explain why even unsuccessful insurgencies have survived for decades as has happened in Colombia and Peru Instructors considering this book for use in a course may request an examination copy here **A Companion to Lyndon B. Johnson** Mitchell B. Lerner,2012-02-13 This companion offers an overview of Lyndon B Johnson s life presidency and legacy as well as a detailed look at the central arguments and scholarly debates from his term in office Explores the legacy of Johnson and the historical significance of his years as president Covers the full range of topics from the social and civil rights reforms of the Great Society to the increased American involvement in Vietnam Incorporates the dramatic new evidence that has come to light through the release of around 8 000 phone conversations and meetings that Johnson secretly recorded as President **American Adventurism Abroad** Michael J. Sullivan,2004-08-30 This book provides a comparative analysis of 30 American interventions into Third World countries An historical approach is used to place the featured cases into a more general history of American Diplomacy The author uses his assessments to prove that U S foreign policy has been driven by the goal of being the ultimate power in the global capitalist economic system The author makes his work unique by giving a critical view of America s place in the world during an anticipated time of war and raised patriotism He provides a scholarly look at U S diplomacy leading up to the era of the War on Terror Sullivan explains how over the past 50 years the U S has come to succeed Europe as ruler of the global economic system The political systems which have been promoted by the U S to preserve worldwide capitalism range from one party rule to monarchies and recurring civil war The interventions discussed have proved to be short term successes for U S policy but more often tragic for the local societies affected Sullivan draws on his 1996 release Comparing State Politics to create a number of tables that place U S involvement into geographic and hierarchic perspective The reader is ultimately provided with a provocative thesis that challenges traditional interpretations of America s role in the world This book will be an asset to any undergraduate

college student taking classes in political science or history It will also appeal to a general audience *Handbook Of Research On The International Relations Of Latin America And The Caribbean* G. Pope Atkins,2018-02-12 The study of Latin American and Caribbean international relations has a long evolution both within the development of international relations as a general academic undertaking and in terms of the particular characteristics that distinguish the approaches taken by scholars in the field This handbook provides a thorough multidisciplinary reference guide to the literature on the various elements of the international relations of Latin America and the Caribbean Citing over 1600 sources that date from the nineteenth century to the present with emphasis on recent decades the volume s analytic essays trace the evolution of research in terms of concepts issues and themes The Handbook is a companion volume to Atkins Latin America and the Caribbean in the International System Fourth Edition but also serves as an invaluable stand alone reference volume for students scholars researchers journalists and practitioners both official and private **Latin America and the Caribbean** United States. Department of the Army,1975 **U.S. Presidents and Latin American Interventions** Michael Grow,2008 Reveals how Cold War U S presidents intervened in Latin America not as the official argument stated to protect economic interests or war off perceived national security threats but rather as a way of responding to questions about strength and credibility both globally and at home **The Foreign Affairs 50-year Bibliography** Council on Foreign Relations,1972 **Countries of the World and Their Leaders** ,1978 The Nation ,1874 The Politics of Hostility Lynn Darrell Bender,1975 **Sources for American Studies** Jefferson B.
