## **Balkan Assignment:**

The Balkan Assignment Joe Poyer, 1971      A Balkan Mission James T. Shotwell, 1949 SCOTT copy 1 From the John Holmes Library collection      The Balkans and the West Andrew Hammond, 2017-03-02 This collection of essays locates, investigates and challenges the manner in which the Balkans and the West have constructed each other since 1945. Scholars from the two sections of the continent explore a wide range of fiction, film, journalism, travel writing and diplomatic records both to analyse Western European balkanism and to study Balkan representations of the West over the last fifty years. The first section looks back to the Cold War, examining the divergent, often favourable images of the Balkans that existed in Western culture as well as the variety of responses that appeared in South East European writings on the West. The second section analyses the transitions that took place in representation during the 1990s. Here contributors explore both the harsh denigration of the Balkans which came to dominate western discourse after the initial euphoria of 1989 and the emerging tradition of contesting Western balkanism in South East European cultural production. Through this dual emphasis the volume exposes the representational practices that help to maintain a deeply divided Europe and challenges the economic and political injustices that result. Despite the rise to prominence of postcolonial theory with its awareness of global inequality, the current crises in many parts of South East Europe have received scant attention in literary and cultural studies. The Balkans and the West addresses this deficiency. Ranging in focus from Serbian cinema to Romanian travel literature, from Western economic writings to Yugoslav fiction and from public discourse in Albania to NATO's vast propaganda machine, the essays offer wide insight into representation and power in the contemporary European context.      Balkan Reconstruction Daniel Daianu, Thanos Veremis, 2014-06-03 Focusing scholarly attention on a little known area of Europe, the book brings together analysts with an insider's view to examine the short and long term challenges facing the region, the intricate relationship between politics and economics and the irrelevance of quick fixes in the postwar reform of Southeast Europe.

**Concord and Conflict** Norman E. Saul, 1996 Between 1867, the year of the Alaskan purchase and the beginning of World War I, Russian and American dignitaries, diplomats, businessmen, writers, tourists and entertainers crossed between the two countries in surprisingly great numbers. *Concord and Conflict* provides the first comprehensive investigation of this highly transformational and fateful era in Russian-American relations. Excavating previously unmined Russian and American archives, Norman Saul illuminates these fifty significant and open years of association between the two countries. He explores the flow and fluctuation of economic, diplomatic, social and cultural affairs, the personal and professional conflicts and scandals, and the evolution of each nation's perception of the other.      *A Concise History of the Balkan Wars, 1912-1913*, 1998 Kortfattet udgave af den gr ske krigshistorie med s rlig fokus p de to Balkankrige i 1912 og 1913      A Syllabus of the History of Western Europe Franklin Charles Palm, 1927      **The Balkan Question** Luigi Villari, 1905      *Modern European History* Franklin Charles Palm, 1922      **The Fall of the Dynasties** Edmond Taylor, 1963      **Syllabus Series** University of
