Banking System Of Cyprus:

The Banking System of Cyprus Kate Phylaktis, 2016-07-27 The book provides a comprehensive study of the banking system in Cyprus from the time that the first bank was founded on the island in 1864 It presents the history of banks and cooperative societies from primary sources and discusses its impressive expansion in the years following independence in 1960 It examines the potential of the offshore banking sector and the likely effects of financial deregulation and the adoption of the EEC Banking Directives on the future development of the banking system *Cyprus International Monetary Fund*, 2010-09-15 Economic conditions have stabilized and the economy is projected to bottom out in 2010 giving way to a mild recovery in 2011 followed by stronger growth The foremost policy challenge is to achieve the official fiscal consolidation targets so as to put debt ratios on a declining path and provide more space to guard against risks to the financial sector Further old age pension reform is also essential Structural reforms are needed to preserve competitiveness and enhance medium term growth The government largely shared the IMF staff's assessment *Research Handbook on State Aid in the Banking Sector* François-Charles Laprèvote, Joanna Gray, Francesco de Cecco, 2017-11-24 The Research Handbook on State Aid in the Banking Sector brings together experts in state aid and in financial regulation drawn from legal academia legal practice economics and from the EU and EEA institutions to shed light on this relationship The editors and expert contributors do this by elucidating key concepts that underpin the application of state aid law to banks and by considering specific aspects of the interface between state aid and financial regulation The Handbook's analysis is complemented by a number of key country based case studies and by a concluding section which takes stock of the Banking Union's package of legislative regulatory reforms and reflects on the possible future role of state aid in this sector **Macroeconomic Imbalances - Cyprus** European Commission. Directorate-General for Economic and Financial Affairs, 2012 On 14 February 2012 the European Commission presented its first Alert Mechanism Report AMR in accordance with the Regulation EU No 1176/2011 on the prevention and correction of macroeconomic imbalances The AMR serves as an initial screening device to identify Member States that warrant further in depth analysis into whether imbalances exist or risk emerging According to Article 5 of Regulation No 1176/2011 these country specific in depth reviews should examine the nature origin and severity of macroeconomic developments in the Member State concerned which constitute or could lead to imbalances On the basis of this analysis the Commission concludes whether it considers that an imbalance exists or not and if so whether it is excessive or not and what type of follow up it will recommend to the Council to address to the Member State This in depth review concludes that Cyprus is experiencing very serious macroeconomic imbalances which are not excessive but need to be urgently addressed In particular macroeconomic developments as reflected in the current account public finances and the financial sector require close monitoring and urgent economic policy attention in order to avert any adverse effects on the functioning of the economy and of economic and monetary union EU Bookshop [About Cyprus](#) Cyprus.
