California Earthquakes And Jews:

California, Earthquakes and Jews William M. Kramer, 1995 **California's Deadliest Earthquakes** Abraham Hoffman, 2017-06-26 A detailed look at the state's most terrifying and destructive disasters photos included Home to hundreds of faults California leads the nation in frequency of earthquakes every year And despite enduring their share of the natural disasters residents still speculate over the inevitable big one More than three thousand people lost their lives during the 1906 San Francisco earthquake Long Beach's 1933 earthquake caused nearly 50 million in damages And the Northridge earthquake injured thousands and left a 550 million economic hit In this book historian Abraham Hoffman explores the personal accounts and aftermath of California's most destructive tremors **A Cultural History of Jews in California** Bruce Zuckerman, William Deverell, Lisa Ansell, 2009 With this volume of the Casden Annual Review we continue our policy of focusing on a single topic and in this case the topic we have turned to is quite literally close to home the Jewish role in California life The aim of this volume is to stress the cultural aspects of the Jewish experience of coming to and living in the Golden State While we cannot hope to present in this limited venue a comprehensive and detailed history of Jews in California per se it is our goal to consider a number of insightful perspectives on how the Jews who settled in California helped shape the Golden State's culture and were in turn themselves molded by cultural influences that were uniquely Californian While this volume looks at the Jewish experience in California in general nonetheless particular emphasis is placed on Southern California We begin our cultural history at a crucial moment in California history the mid nineteenth century in the after glow of the California Gold Rush where we encounter a European Jewish emigrant fresh off the boat who can and did get a chance to make a fortune in the pueblo of Los Angeles and in doing so helped define what California is We conclude it with a personal meditation from one of the latest group of refugees to come to the west the Iranian Jews who were forced out of their ancient homeland some thirty years ago and who found in Southern California a particularly hospitable yet no less difficult place to transplant their cultural roots In between we are treated to a few choice snapshots of how life developed and changed for Jews in California as California itself evolved and grew We firmly believe that there is something special about the Jewish role in California and even more so in Southern California that here on the lower left coast Jews have had an Americanization experience that is significantly different from that which Jews have had elsewhere in the USA Conversely Southern California would be quite a different place without the Jews who made it their home Book jacket [Jewish San Francisco](#) Edward Zerin, 2006 In San Francisco the instant city of the gold rush days Jews were pioneers among pioneers Some came as immigrants directly from Europe others as resettled adventurers from the East Coast and still others as scions of southern Sephardic families Out of this mixed multitude emerged a community with synagogues and institutions to care for the needy and the sick along with a dignified social fabric New immigrants following the Russian pogroms of 1883 were absorbed and the ashen ruins from the 1906 earthquake were rebuilt The city's cultural treasures and

social needs were enriched and the city's Jews were nurtured by civic commitments Today's 70,000 San Francisco Jews standing upon the shoulders of pioneering giants continue to build and rebuild Western States Jewish History, 2006
