California Fever

Rosina Ehmman

California Fever:

California Mennonites Brian Froese, 2015-02-19 Books geographically focused on the midwestern and eastern states dominate the study of Mennonites in America The intriguing history of Mennonites in the American West remains untold In *From Digging Gold to Saving Souls* Brian Froese introduces readers for the first time to the California Mennonite experience Although a few Mennonites did dig for gold in the 1850s the real story of Mennonites in California begins in the 1890s with westward migrations for fertile soil and healthy sunshine By the mid twentieth century the Mennonite story in California had developed into an interesting tale of religious conservatives traditional agrarians finding their way in an increasingly urban and religiously pluralistic California Some California Mennonites negotiated new identities by endorsing conservative evangelicalism some found them in reclamations of sixteenth century Anabaptists Still other Mennonites found meaningful religious experience by engaging in social action and justice even when these actions appeared in secular forms These emerging identities Evangelical Anabaptist and secular covered a broad spectrum yet represented a selective retaining and discarding of Mennonite religious practices and expressions *From Digging Gold to Saving Souls* touches on such topics as migration pluralism race gender pacifism institutional construction education and labor conflict all of which defined the experience of Mennonites of California Brian Froese shows how this experience was a rich complex and deliberate move into modern society In *From Digging Gold to Saving Souls* he introduces readers to a dynamic people who did not simply become modern but who chose to modernize on their own terms
