Calvin's Old Testament Commentaries:

Calvin's Old Testament Commentaries Thomas Henry Louis Parker, 1993-01-01 Calvin has always been regarded as one of the greatest biblical commentators in the history of the church This complete study of his Old Testament expositions includes both written commentaries and lectures transcribed verbatim Full of insights and exacting details as well as being eminently readable Calvin Theological Journal Calvin's New Testament Commentaries, 1993-01-01 Parker expounds upon Calvin's principles of interpretation taking into consideration early 16th century hermeneutics and giving special emphasis to the reformers Melancthon Bucer and Bullinger Extensive bibliographies of Calvin's commentaries are included as well as relevant Greek and Latin Bibles and classical patristic medieval and renaissance works Calvin's Old Testament Commentaries Thomas Henry Louis Parker, 1993 Calvin's Old Testament Commentaries Jean Calvin, John Calvin's Bible Commentaries On The Harmony Of The Law Vol. 1 John Calvin, Calvin produced commentaries on most of the books of the Bible His commentaries cover the larger part of the Old Testament and all of the new excepting Second and Third John and the Apocalypse His commentaries and lectures stand in the front rank of Biblical interpretation This edition is volume one out of four of Calvin's commentaries on the four last books of Moses arranged in the form of a harmony **John Calvin's Bible Commentaries - Psalms 1 - 35** John Calvin, Calvin produced commentaries on most of the books of the Bible His commentaries cover the larger part of the Old Testament and all of the new excepting Second and Third John and the Apocalypse His commentaries and lectures stand in the front rank of Biblical interpretation This book covers Calvin's commentaries on the Psalms 1-35 *John Calvin's Exegesis of the Old Testament* David L. Puckett, 1995-01-01 For anyone who wishes to understand the historical tensions that existed in Calvin's time with regard to the interpretation of scripture this book will be of great value For those who wish to understand Calvin's actual method of exegetical reasoning a largely unmined source of information that reveals what he most valued as an exegete this book will be invaluable John Calvin's Bible Commentaries On The Harmony Of The Gospels Vol. 1 John Calvin, Calvin produced commentaries on most of the books of the Bible His commentaries cover the larger part of the Old Testament and all of the new excepting Second and Third John and the Apocalypse His commentaries and lectures stand in the front rank of Biblical interpretation Our Author has exerted a powerful influence on all succeeding expositors They have found their interest in listening to his instructions and have been more deeply indebted to him than is generally known Many valuable interpretations of passages of Scripture appeared for the first time in his writings and have ever since been warmly approved In other cases the views which had been previously held are placed by him in so strong a light as to remove every doubt and satisfy the most cautious inquiry And yet the stores from which so much has been drawn are far from being exhausted nor is their value greatly lowered by improvements which have been subsequently made The department of History presents an analogous case Documents which had been overlooked are carefully examined Conflicting evidence is more accurately weighed Important transactions assume a new aspect or at

least are altered in their subordinate details Still there are historians in whose narrative the great lines of truth are so powerfully drawn that the feebler though more exact delineations of other men cannot supply their place In the chief moral requisite for such a work Calvin is excelled by none He is an honest interpreter No consideration would have induced him to wrest the words of Scripture from their plain meaning Those who may question his conclusions cannot trace them to an unworthy motive Timid theologians will be occasionally startled by his expositions
