W. Ward, 2017-11 Excerpt from *The Cambridge History of English Literature Vol 7* The early years of the reign of Charles I are made illustrious by a great outburst of song which is very varied in character and which suffered no diminution in volume or melody until the sound of the lute was drowned by that of the drum and love lyrics to Celia or Anthea gave place to the scurrilous abuse of the Rump Songs The true home of this lyric as of the French Pleiade song of the preceding generation was the court where the pastoral fancies and gallant inventions of cavalier poets were promptly set to music by composers in the royal service and sung before the monarch at

Whitehall But in the case of the greatest of these Caroline lyrists the inspiration spread from court to country and the most memorable of the Hesperides songs are those which sing of hock carts country wakes and Devon maidens going a maying About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Cambridge History of Literary Criticism: Volume 3, The Renaissance George Alexander Kennedy, Glyn P. Norton, 1989 This 1999 volume was the first to explore as part of an unbroken continuum the critical legacy both of the humanist rediscovery of ancient learning and of its neoclassical reformulation Focused on what is arguably the most complex phase in the transmission of the Western literary critical heritage the book encompasses those issues that helped shape the way European writers thought about literature from the late Middle Ages to the late seventeenth century These issues touched almost every facet of Western intellectual endeavour as well as the historical cultural social scientific and technological contexts in which that activity evolved From the interpretative reassessment of the major ancient poetic texts this volume addresses the emergence of the literary critic in Europe by exploring poetics prose fiction contexts of criticism neoclassicism and national developments Sixty one chapters by internationally respected scholars are supported by an introduction detailed bibliographies for further investigation and a full index
