**A Poetry Break** Kay Day, 2004-03 Organised by thematic chapters such as relationships Southern culture religion philosophy and the environment this accessible collection contains both traditional and contemporary poetry from sonnets written in rhyme and meter to narrative poems that blend Southern back stories with stressed syllables Perfect for a solitary read or for reading aloud with others this compilation includes poems such as This Mother's Rites an exploration of a mother's last thoughts as her children come to tell her goodbye and the song like Dear G an ironic expression of the poet's gratitude to the man who broke her heart The Oxford Handbook of British and Irish War Poetry Tim Kendall, 2007-02-22 Thirty seven chapters written by leading literary critics from across the world describe the latest thinking about twentieth century war poetry The book maps both the uniqueness of each war and the continuities between poets of different wars while the interconnections between the literatures of war and peacetime and between combatant and civilian poets are fully considered The focus is on Britain and Ireland but links are drawn with the poetry of the United States and continental Europe The Oxford Handbook feeds a growing interest in war poetry and offers in toto a definitive survey of the terrain It is intended for a broad audience made up of specialists and also graduates and undergraduates and is an essential resource for both scholars of particular poets and for those interested in wider debates about modern poetry This scholarly and readable assessment of the field will provide an important point of reference for decades to come The Cambridge Companion to the Poetry of the First World War Santanu Das, 2013-11-11 The poetry of the First World War remains a singularly popular and powerful body of work This Companion brings together leading scholars in the field to re-examine First World War poetry in English at the start of the centennial commemoration of the war It offers historical and critical contexts fresh readings of the important soldier poets and investigations of the war poetry of women and civilians Georgians and Anglo-American modernists and of poetry from England Ireland Scotland Wales and the former British colonies The volume explores the range and diversity of this body of work its rich afterlife and the expanding horizons and reconfiguration of the term First World War Poetry Complete with a detailed chronology and guide to further reading the Companion concludes with a conversation with three poets Michael Longley Andrew Motion and Jon Stallworthy about why and how the war and its poetry continue to resonate with us **Greek and Roman Antiquity in First World War Poetry** Lorna Hardwick, Stephen Harrison, Elizabeth Vandiver, 2024-04-22 Rupert Brooke Wilfred Owen Isaac Rosenberg and Charles Sorley all died in the First World War They came from diverse social educational and cultural backgrounds but for all of the writers engagement with Greek and Roman antiquity was decisive in shaping their war poetry The world views and cultural hinterlands of Brooke and Sorley were framed by the Greek and Latin texts they had studied at school whereas for Owen who struggled with Latin classical texts were a part of his aspirational literary imagination Rosenberg's education was limited but he encountered some Greek and Roman literature through translations and through mediations in English literature The various ways in

which the poets engaged with classical literature are analysed in the commentaries which are designed to be accessible to classicists and to users from other subject areas The extensive range of connections made by the poets and by subsequent readers is explained in the Introduction to the volume The commentaries illuminate relationships between the poems and attitudes to the war at the time in the immediate post war years and subsequently They also probe how individual poems reveal various facets of the poetry of unease the poetry of survival and the poetics of war and ecology
