Preface to Lyrical Ballads

William Wordsworth (1800)

THE FIRST volume of these Poems has already been submitted to general perusal. It was published, as an experiment, which, I hoped, might be of some use to ascertain, how far, by fitting to metrical arrangement a selection of the real language of men in a state of vivid sensation, that sort of pleasure and that quantity of pleasure may be imparted, which a Poet may rationally endeavour to impart. 1

I had formed no very inaccurate estimate of the probable effect of those Poems: I flattered myself that they who should be pleased with them would read them with more than common pleasure: and, on the other hand, I was well aware, that by those who should dislike them, they would be read with more than common dislike. The result has differed from my expectation in this only, that a greater number have been pleased than I ventured to hope I should please. 2

Several of my Friends are anxious for the success of these Poems, from a belief, that, if the views with which they were composed were indeed realized, a class of Poetry would be produced, well adapted to interest mankind permanently, and not unimportant in the quality, and in the multiplicity of its moral relations: and on this account they have advised me to prefix a systematic defence of the theory upon which the Poems were written. But I was unwilling to undertake the task, knowing that on this occasion the Reader would look coldly upon my arguments, since I might be suspected of having been principally influenced by the selfish and foolish hope of reasoning him into an approbation of these particular Poems: and I was still more unwilling to undertake the task, because, adequately to display the opinions, and fully to enforce the arguments, would require a space wholly disproportionate to a preface. For, to treat the subject with the clearness and coherence of which it is susceptible, it would be necessary to give a full account of the present state of the public taste in this country, and to determine how far this taste is healthy or depraved; which, again, could not be determined, without pointing out in what manner language and the human mind act and re-act on each other, and without retracing the revolutions, not of literature alone, but likewise of society itself. I have therefore altogether declined to enter regularly upon this defence: yet I am sensible, that there would be something like impropriety in abruptly obtruding upon the Public, without a few words of introduction, Poems so materially different from those upon which general approbation is at present bestowed. 3

It is supposed, that by the act of writing in verse an Author makes a formal engagement that he will gratify certain known habits of association; that he not only thus apprises the Reader that certain classes of ideas and expressions will be found in his book, but that others will be carefully excluded. This exponent or symbol held forth by metrical language must in different eras of literature have excited very different expectations: for 4

Preface to The Lyrical Ballads Alex Latter,Rachel Teubner,2018-05-11 Central to the creative process of the Romantic poets that followed him Wordsworth s Preface to the Lyrical Ballads has been both a gift and a thorn in the side of critics for over a century Readers find themselves drawn back to the essay repeatedly as they seek to untangle the ideas and contradictions within it The Preface is a statement of Wordsworth s poetic vision and offers an explanation of the poetic process behind the poems which fused the rusticity of the ballad form with the psychological introspection of modernity But to the generation of Romantic writers that emerged in its wake the Preface announced a new understanding of the creative process and of the high purposes of poetry to reveal the human condition and to awaken in its readers the profoundest emotions and the most enduring truths of existence *Preface to the Lyrical Ballads.* by William Wordsworth,2016-10-03

Preface to the Lyrical Ballads The Preface to the Lyrical Ballads is an essay composed by William Wordsworth for the second edition published in January 1801 and often referred to as the 1800 Edition of the poetry collection Lyrical Ballads and then greatly expanded in the third edition of 1802 Materials for a Study of Wordsworth's Theory of Fine Art Florence Merritt Foster,1920 **Wordsworth's Poetic Collections, Supplementary Writing and Parodic Reception** Brian R
