Rahner Reader Karl Rahner,1975-05 [The Vows of Religious Life in a Secular Society](#) Judith A. Merkle,2025-08-21 This book investigates religious vows shedding light on the type of faith that can sustain humanity in secular times It examines the personal impact of religious life as well as its potential to foster a sense of completeness within society at large Unbelief in today s society can be partially rooted in the shallowness of the sort of religion that the secular can abandon Such a religion characterized as magical shallow illusory or rooted solely in external rituals lacks the depth required to thrive in a secular society It fails to address the profound aspects of human existence the authentic freedom of the spirit and the enduring obedience of faith This study of religious vows uncovers their deeper meanings in light of these challenges It invites us to consider whether religious life despite contemporary criticisms can be seen as touching wholeness This book does not only delve into the theological foundations of these vows but also key areas which impact their understanding and living in new contexts It surveys sociological landscapes and goes beyond to encompass shifts in science psychology theology Religious life in this sense is part of the renewal of the church as well as an agent in it By focusing briefly on each vow Judtih A Merkle illustrates how religious life serves as a bridge connecting the secular and the sacred It is a life focused on love of God and service of others which is a witness to the coming of Kingdom of God and values which truly matter in contemporary society

Models of God and Alternative Ultimate Realities Jeanine Diller,Asa Kasher,2013-06-13 The envisioned volume is a collection of recent essays about the philosophical exploration critique and comparison of a the major philosophical models of God gods and other ultimate realities implicit in the world s philosophical schools and religions and of b the ideas of such models and doing such modeling per se The aim is to identify exactly what a model of ultimate reality is create a comprehensive and accessible collection of extant models and determine how best philosophically to model ultimate reality if possible and desirable

[God and the Natural World](#) Ted Peters,Marie Turner,2020-05-01 This collection of essays is a fitting tribute to Denis Edwards who was one of Australia s leading theologians In exploring the most challenging questions of our time these essays canvas some of the great themes of Christian theology that were the focus of Edwards research Denis Edwards was a theologian of dialogue dialogue with our rich theological tradition dialogue with science dialogue with contemporary theologians The contributors to this volume enter into a dialogue with substantial parts of the theological output of Denis Edwards In the process they capture something of his humanity his love of creation and his concern for our common home The book demonstrates the commitment Denis Edwards had to a theology that is truly ecumenical and always learning from the insights of others The editors and authors have done a great service in helping many others to deepen reflection on Denis Edwards contribution to our understanding of God and the natural world [Marriage in Our Time](#) Anita Dowsing,2000-10-01 In the contemporary world where Christians are a minority in their populations mixed marriages have

become an increasing and increasingly important phenomenon There are many books written on married and family life for Catholics married to Catholics But for Catholics married to Christians of other churches For Catholics married to members of other faiths For Catholics married to partners of no religious faith Anita Dowsing writes with great perception of the rewards as well as the difficulties and challenges that such a marriage can bring of how mutual love between partners and mutual respect for each other's position can deepen not only the marriage itself but the Catholic partner's own faith This book will bring new hope and insight to many in the same or a similar situation to marriage counsellors and to pastoral clergy

He Who Gives Life Graham A. Cole, 2007-08-16 Often the most misunderstood and therefore ignored member of the Trinity the Holy Spirit deserves our attention and understanding God the Father and God the Son rightfully garner much explanation and exploration and God the Holy Spirit ought to be given the same studiousness curiosity and scholarship In this addition to Crossway's Foundations of Evangelical Theology series Dr Graham Cole has written a work that offers a comprehensive theology of the Holy Spirit This book shows the ultimate selflessness of the Holy Spirit as the member of the Trinity who always works for the glory of God the Father and God the Son and the good of the saints Ideal for pastors teachers and students of theology this book is a superb theology of the Holy Spirit Part of the Foundations of Evangelical Theology series

Dante to Dead Man Walking Raymond A. Schroth, 2001 In this award winning book now in paperback Schroth discusses fifty works from books of the Old Testament to contemporary works that challenge the social conscience and raise moral and religious issues in a provocative way

Protestant and Roman Catholic Ethics James M. Gustafson, 1978 If Catholic and Protestant ethicists were asked to name a single theologian who was qualified to write a comprehensive overview of the historical divergences of Catholic and Protestant positions on ethical questions the bases for those divergences in fundamentally different philosophical and theological perspectives and the possibilities for future convergences of the traditions my guess is that James Gustafson would be the one This brilliant and tightly argued book will be the most important book on moral theology to appear this year John Coleman National Catholic Reporter

A Gadamerian Reading of Karl Rahner's Theology of Grace and Freedom Carmichael C. Peters, 2000 In A Gadamerian Reading of Karl Rahner's Theology of Grace and Freedom Gadamer's philosophical hermeneutics are compared with Rahner's transcendental anthropology It discusses grace and freedom as foundational experiences and examines scholastic and other traditions in the light of Gadamer's thought It provides a thorough discussion of Rahner's critique of the Augustinian understanding of grace and freedom by relating it to Greek Patristic Pauline understandings
