The New Rolling Stone Record Guide Dave Marsh, John Swenson, 1983 This guide lists about 12,000 rock albums released through mid 1982 *Rolling Stone 50 Years of Covers* Jann S. Wenner, 2018-05-08 For the past 50 years the covers of Rolling Stone have depicted the icons of popular culture from John Lennon, Bob Dylan, the Rolling Stones, Madonna, and Steve Martin to Rihanna, Louis C.K., Adele, Radiohead, and Barack Obama, cementing their legendary and influential status. No other magazine has the illustrious history and prestige of having defined popular culture from the birth of rock and roll to the present. This fantastic collection is newly revised and updated to include the covers from all 50 years of Rolling Stone history. With an updated introduction by Jann S. Wenner as well as new excerpts from the magazine and quotes from photographers and their celebrity subjects, this nostalgic journey down the memory lane of music, entertainment, and politics is irresistible.

Like a Rolling Stone Jann S. Wenner, 2022-09-13 In this New York Times bestseller, Rolling Stone founder, co-editor, and publisher Jann Wenner offers a touchingly honest and wonderfully deep memoir from the beating heart of classic rock and roll. Bruce Springsteen has called Wenner "the greatest editor of his generation." His deeply personal memoir vividly describes and brings you inside the music, the politics, and the lifestyle of a generation, an epoch of cultural change that swept America and beyond. The age of rock and roll in an era of consequence, what will be considered one of the great watersheds in modern history. Wenner writes with the clarity of a journalist and an essayist. He takes us into the life and work of Bob Dylan, John Lennon, Mick Jagger, Bono, and Bruce Springsteen, to name a few. He was instrumental in the careers of Hunter S. Thompson, Tom Wolfe, and Annie Leibovitz. His journey took him to the Oval Office with his legendary interviews with Bill Clinton and Barack Obama, leaders to whom Rolling Stone gave its historic, full-throated backing. From Jerry Garcia to the Dalai Lama, Aretha Franklin to Greta Thunberg, the people Wenner chose to be seen and heard in the pages of Rolling Stone tried to change American culture, values, and morality. Like a Rolling Stone is a beautifully written portrait of one man's life and the life of his generation. *The New Rolling Stone Album Guide* Nathan Brackett, Christian David Hoard, 2004

Ramblings of a Rolling Stone John Edward Davies, 2010-03-26 Born into working class poverty in the North of England in 1925 Eddie Davies personal account illustrates the remarkable and colourful lives led by many ordinary people From a succession of dead end and downright dangerous jobs through a ferocious though often hilarious World War II back to Blighty and then off to central Africa for more hair raising adventures All this well before I even met the man who was to become father in law and grand dad to my kids We should be grateful that there are those prepared and able to describe their journey through a rapidly changing world a world that has all but disappeared as we hurtle towards an uncertain future No doubt there will be similar shared memories for many of the older ones amongst us and a damn good read for the rest

When Genres Collide Matt Brennan, 2017-02-23 *When Genres Collide*

is a provocative history that rethinks the relationship between jazz and rock through the lens of the two oldest surviving and most influential American popular music periodicals Down Beat and Rolling Stone Writing in 1955 Duke Ellington argued that the new music called rock n roll is the most raucous form of jazz beyond a doubt So why did jazz and rock subsequently become treated as separate genres The rift between jazz and rock and jazz and rock scholarship is based on a set of received assumptions about their fundamental differences but there are other ways popular music history could have been written By offering a fresh examination of key historical moments when the trajectories and meanings of jazz and rock intersected overlapped or collided it reveals how music critics constructed an ideological divide between jazz and rock that would be replicated in American musical discourse for decades to follow
