ERNST A. BREISACH

American Progressive History An Experiment In Modernization

William Andrew Talcott

American Progressive History An Experiment In Modernization:

American Progressive History Ernst Breisach, 1993-06-12 American Progressive History is the first book to relate the story of Progressive history through all its transformations from its emergence in the early 1900s to its demise in the 1940s. Focusing his account on the work of the movement's most important representatives including Charles Beard, James Harvey Robinson, and Carl Becker, Ernst Breisach demonstrates that Progressive history is distinguished by its unique combination of beliefs in the objective reality of historical facts and its faith in the inevitability of the progress of the human race. And though he discusses at length Frederick Jackson Turner's contributions to the creation of a modern American historiography, Breisach sets him apart from the scholars who shaped Progressive history. While Progressive history is usually treated in isolation from simultaneous movements in European historiography, Breisach shows how it was formulated in the face of the same cultural pressures confronting European historians. Indeed, it becomes clear that until the 1930s, the Progressive historians' confidence in the validity of historical investigation and the progress of civilization shielded American historians from the skepticism and cultural pessimism which characterized many of their European contemporaries. Breisach's exceptionally broad and subtle analysis reveals American Progressive history to be an important and innovative experiment in the international quest for a New History, as well as a coherent school of thought in its own right.

The Oxford History of Historical Writing Stuart Macintyre, Juan Maiguashca, Attila Pók, 2011-10-27 Volume 4 of The Oxford History of Historical Writing offers essays by leading scholars on the writing of history globally from 1800 to 1945. Divided into four parts, it first covers the rise, consolidation, and crisis of European historical thought and the professionalization and institutionalization of history. The chapters in Part II analyze how historical scholarship connected to various European national traditions. Part III considers the historical writing of Europe's Offspring: the United States, Canada, South Africa, Australia, New Zealand, Mexico, Brazil, and Spanish South America. The concluding part is devoted to histories of non-European cultural traditions: China, Japan, India, South East Asia, Turkey, the Arab world, and Sub-Saharan Africa. This is the fourth of five volumes in a series that explores representations of the past from the beginning of writing to the present day and from all over the world. This volume aims at once to provide an authoritative survey of the field and especially to provoke cross-cultural comparisons.

Modernity and Exclusion Joel S. Kahn, 2001-08-09 This penetrating book re-examines the project of modernity. It seeks to oppose the abstract idealized vision of modernity with an alternative ethnographic understanding. The book defends an approach to modernity that situates it as embedded in particular and historical contexts. It examines cases of popular modernism in the United States, Britain, and colonial Malaysia, drawing out the specific cultural and religious assumptions underlying popular modernism and concluding that modernism is implicated in a diversity of forms of cultural and racial exclusion.

Fortunes of History Donald R. Kelley, 2008-10-01 In *Fortunes of History*, Donald R. Kelley offers an authoritative examination of historical writing during the long nineteenth century, the years from the French Revolution to those just after

the First World War He provides a comprehensive analysis of the theories and practices of British French German Italian and American schools of historical thought their principal figures and their distinctive methods and self understandings Kelley treats the modern traditions of European world and national historiography from the Enlightenment to the new histories of the twentieth century attending not only to major authors and schools but also to methods scholarship criticisms controversies ideological questions and relations to other disciplines *Writing History* Stefan Berger,Heiko Feldner,Kevin Passmore,2020-02-20 A revised edition of this highly regarded textbook which sets the study of history in a broader intellectual and analytic context showing students how theory translates into practice when studying and writing history

Citizenship and Democratic Doubt Bob Pepperman Taylor,2004 Much of the world today views America as an imperialist nation bent on global military economic and cultural domination At home few share this negative view Bob Pepperman Taylor however argues that US moral self righteousness may potentially imperil democratic ideals and threaten democracy Future West William Henry Katerberg,2008 What is the future of the American West This book look at works of utopian dystopian and apocalyptic science fiction to show how narratives of the past and future powerfully shape our understanding of the present day West *History and Theory* ,1992 *American Book Publishing Record Cumulative 1993* R R Bowker Publishing,1994-03 Cited in BCL3 Sheehy and Walford Compiled from the 12 monthly issues of the ABPR this edition of the annual cumulation lists by Dewey sequence some 41 700 titles for books published or distributed in the US Entry information is derived from MARC II tapes and books submitted to R R Bowker an **How the Idea of Profession Changed the Writing of Medical History** John Chynoweth Burnham,1998 Program of the Annual Meeting - American Historical Association American Historical Association,American Historical Association. Annual Meeting,1994 Some programs include also the programs of societies meeting concurrently with the association **Popular History and the Literary Marketplace, 1840-1920** Gregory M. Pfitzer,2008 Prior to the mid nineteenth century most Americans heard rather than read national history They absorbed lessons from the past more readily by attending Patriots Day orations and anniversary commemorations than by reading expensive multivolume works of patrician historians By the 1840s however innovations in publishing led to the marketing of inexpensive mass produced popular histories that had a profound influence on historical literacy and learning in the United States In this book Gregory M Pfitzer charts the rise and fall of this genre demonstrating how and why it was born flourished and then became unpopular over time Pfitzer begins by exploring how the emergence of a new literary marketplace in the mid nineteenth century affected the study of history in America Publishers of popular works hoped to benefit from economies of scale by selling large numbers of inexpensive books at small profit They hired authors with substantial literary reputations to make the past accessible to middle class readers The ability to write effectively for wide audiences was the only qualification for those who dominated this field Privileging narration and effusive literary style over dispassionate prose these artists adapted their favorite fictional and poetic conventions with an ease that

suggests the degree to which history was viewed as literary art in the nineteenth century Beginning as a small cottage industry popular histories sold in the hundreds of thousands by the 1890s In an effort to illuminate the cultural conditions for this boom Pfitzer focuses on the business of book making and book promotion He analyzes the subscription sales techniques of book agents as well as the aggressive prepublication advertising campaigns of the publishers including the pictorial embellishments they employed as marketing devices He also examines the reactions of professional historians who rejected the fictionalizing and poetic tendencies of popular history which they equated with loose and undisciplined scholarship Pfitzer explains how and why these professionals succeeded in challenging the authority of popular histories and what the subsequent unpopularity of popular history meant for book culture and the study of history in the twentieth century

Vigilantes and Boosters Glen Gendzel,1998 **To Make America Scientific** Andrew John Jewett,2002 **America,**

History and Life ,2006 Article abstracts and citations of reviews and dissertations covering the United States and Canada

The First Republic & A. Lincoln Donald K. Pickens,2013 The First Republic and A Lincoln is an exercise in intellectual history The topics discussed in the book are among the most argumentative in the study of American history Combined with a simple minded view of history The First Republic and A Lincoln will not present new facts instead will focus on new scholarship Women and the Historical Enterprise in America Julie Des Jardins,2003 Women and the Historical Enterprise

in America Gender Race and the Politics of Memory Gender Race and the Politics of Memory 1880 1945 **A History of School Mathematics** George M. A. Stanic,Jeremy Kilpatrick,2003 Written by those who played leading roles in school mathematics trained historians and mathematics educators this two volume historical record of mathematics education in the United States and Canada serves not only as a partial guide to present actions but as a tool to better understand who we are The first volume organized in a roughly chronological manner takes readers from the mathematics of the nineteenth century through the late twentieth century Themes discussed in the second volume include instructional materials students and teachers assessment and the role of the government in mathematics education Additional chapters bring an international perspective to the history **Program of the Annual Meeting** American Historical Association,1991 Some programs

include also the programs of societies meeting concurrently with the association **Public Practice** William Andrew Talcott,2001

Unveiling the Power of Verbal Art: An Mental Sojourn through **American Progressive History An Experiment In Modernization**

In a world inundated with monitors and the cacophony of fast transmission, the profound power and psychological resonance of verbal beauty frequently fade in to obscurity, eclipsed by the constant onslaught of noise and distractions. However, located within the lyrical pages of **American Progressive History An Experiment In Modernization**, a fascinating work of literary brilliance that impulses with organic thoughts, lies an unforgettable trip waiting to be embarked upon. Composed by a virtuoso wordsmith, this interesting opus courses visitors on a mental odyssey, gently exposing the latent potential and profound affect stuck within the elaborate internet of language. Within the heart-wrenching expanse with this evocative examination, we will embark upon an introspective exploration of the book is main subjects, dissect their captivating writing fashion, and immerse ourselves in the indelible impression it leaves upon the depths of readers souls.
