King, Helen Taylor, 1996 The contemporary American South is a region of economic expansion political sophistication and particularly cultural ferment Its literature is well known and celebrated But what of the popular cultural forms of expression that have done so much to reflect the curious tensions between the traditional South white dominated rural religious and contemporary multicultural forms and discourses This collection offers a wealth of exciting new perspectives on cultural studies in general and of the particular forms of popular Southern culture from rock and roll to Cajun music to the impact on the South of tourism and the questions of genre and race in contemporary film making *French Louisiana Music and Its Patrons* Patricia Peknik, 2018-09-10 French Louisiana music emerged from the bayous and prairies of Southwest Louisiana in the late nineteenth and early twentieth centuries Pioneered by impoverished Acadian and Afro Caribbean settlers the sound is marked by a high pitched fiddle playing loud and fast above the bellow of a diatonic accordion With lyrics about disaster and heartache sung cheerfully in a French dialect the effect is dissonant and haunting French Louisiana music was largely ignored in mainstream music culture except by a handful of collectors scholars and commercial promoters who sought to popularize it From the first recordings in

the 1920s to the transformation of the genre by the 1970s the spread of this regional sound was driven by local national and international elites who saw the music's traditions and performers in the context of larger social political and cultural developments including the folk revival and the civil rights and ethnic revival movements Patricia Peknik illuminates how the music's history and meaning were interpreted by a variety of actors who brought the genre onto a national and global stage revealing the many interests at work in the popularization of a regional music *Multicultural Perspectives in Music Education* William M.
