American Poetry:

Fifty Years of American Poetry Academy Of American Poets, 1995-08-01 Seer critic lover madwoman the poet's sensibility gives us a chance to experience them all This rich wide ranging collection of work by scores of America's contemporary poets brings you both wisdom and entertainment in short verse In it are represented with one poem each the chancellors fellows and award winners of the Academy of American Poets since 1934 The result is a unique sampler of the various literary styles and themes that have left their marks on the past five decades Fifty Years of American Poetry gives readers the opportunity to hear familiar voices and new ones and encounter the great American poems that have captured both our minds and our hearts The Academy of American Poets has as its stated purpose To encourage stimulate and foster the production of American poetry This was never limited to poets of any particular school method or category of poetry so this anthology is as representative a cross section of American poetry in the last 50 years as any of its kind The Academy is not a stodgy eastern provincial institution It encourages young poets recognizes the importance of change and growth in the poetry of America and believes that poetry is not for poets only This anthology was compiled on this basis Fifty Years Of American Poetry is not only educational but also inspirational hopefully imbuing everyone who reads it with a sense of the dynamic and development of American poetry in the last half century The Academy of American Poets is the only institution which could compile such a unique anthology because it is the only group which has consistently played a large part in the American poetry scene through its patronage to poets and its mission to make poetry an accessible and vital part of the American literary landscape

The New American Poetry, 1945-1960 Donald Allen, 1999 Donald Allen's prophetic anthology had an electrifying effect on two generations at least of American poets and readers More than the repetition of familiar names and ideas that most anthologies seem to be about here was the declaration of a collective intelligent and thoroughly visionary work in progress the primary example for its time of the anthology as manifesto Its republication today complete with poems statements on poetics and autobiographical projections provides us again with a model of how a contemporary anthology can and should be shaped In these essentials it remains as fresh and useful a guide as it was in 1960 Jerome Rothenberg editor of Poems for the Millennium The New American Poetry is a crucial cultural document central to defining the poetics and the broader cultural dynamics of a particular historical moment Alan Golding author of From Outlaw to Classic Canons in American Poetry
