American Politics In A Bureaucratic Age

Robert D. Miewald

American Politics In A Bureaucratic Age:

American Politics in a Bureaucratic Age Eugene Lewis, 1988 In a writing style that is suitable for both the graduate and undergraduate student as well as professional scholar in the fields of public administration political science and organization theory the author looks at the rise of public bureaucracy in government He contends that the concept of citizenship which he defines as the interaction between a person and his her government is most significantly experienced by people as bureaucratic constituents clients and victims This hypothesis is tested by applications to the areas of political economy social welfare and defense Originally published by Winthrop Publishers in 1977

American Politics in a Bureaucratic Age Eugene Lewis, 1977

American Politics in a Bureaucratic Age Eugene Lewis, 1977

American Politics in a Bureaucratic Age Nicholas Cooper, 1977

The State of Public Bureaucracy Larry B. Hill, 2020-07-09 The authors explore the many ways that gender and communication intersect and affect each other Every chapter encourages a consideration of how gender attitudes and practices past and current influence personal notions of what it means not only to be female and male but feminine and masculine The second edition of this student friendly and accessible text is filled with contemporary examples activities and exercises to help students put theoretical concepts into practice

The Feminist Case Against Bureaucracy Kathy E. Ferguson, 1984 Like it or not all of us who live in modern society are organization men and women We tend to be caught in the traditional patterns of dominance and subordination This book is both pessimistic and hopeful With devastating thoroughness the author shows how pervasive these patterns of relationship are in our work lives and personal lives and how deep they run into the very language of the organization and of ordinary life This is not a book about how women can succeed in business but a criticism of books like those success manuals and notions like that idea of success The author sees bureaucrats and clients as the second sex To fit in properly they just learn the skills necessary to cope with subordinate status skills that women have always learned as part of their femininity Liberal reforms placing more women in management positions for example are not enough What is required is the emergence of an alternative voice one grounded in the experience and perceptions of women that will challenge the patterns of control found in every aspect of modern life Public discourse today is not the language of women even when women speak it In this brilliant synthesis of the feminist literature and the literature on organizational theory and practice the author suggests how a feminist discourse could interject into public debate a reformulation of the basic political questions of power reason and organization and thereby legitimate a concern of both autonomy and community In the face of the massive incursions of bureaucracy into daily life this is an important contribution to the project of human liberation

Publisher description

Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1979

The Ethics of Dissent Rosemary O'Leary, 2019-03-01 From constructive contributors to deviant destroyers government guerrillas work clandestinely against the best wishes of their superiors These public servants are dissatisfied with the actions of the organizations for which they work but often

choose not to go public with their concerns In her Third Edition of *The Ethics of Dissent* Rosemary O Leary shows that the majority of guerrilla government cases are the manifestation of inevitable tensions between bureaucracy and democracy which yield immense ethical and organizational challenges that all public managers must learn to navigate *The New American Politics* Bryan D Jones,2018-02-07 Was 1992 a realigning election Did the midterm elections of 1994 realign the realignment Will 1996 carry the United States forward on yet another changed trajectory In this volume of original essays leading political scientists examine key components of the American agenda and assess the current administration s position in light of historical precedents and future trends Each conclusion is unique born of a combination of the empirical record and its interpretation but essays by Bryan Jones and Larry Dodd help to put the wide ranging views represented here in long term perspective *Bureaucracy, Politics, and Public Policy* Francis Edward Rourke,1984 **Politics, Programs, and Bureaucrats** William Paul Browne,1980 *American Book Publishing Record Cumulative, 1950-1977* R.R. Bowker Company. Department of Bibliography,1978 **Urban Policy and Politics in a Bureaucratic Age** Clarence Nathan Stone,Robert K. Whelan,William J. Murin,1986 *The Bureaucratic State* Robert D. Miewald,1984 **The Women's Movement in Community Politics in the U.S.** Debra W. Stewart,1980 There are more than 80 Commissions on the Status of Women operating at the local community level in the United States These advisory citizen s groups work under the premise that women must represent themselves in the politics and policy making of the community This book examines the performance of the commissions focusing primarily on the perspectives of women activists and high level public officials An in depth study of five commissions deemed successful is presented and the author concludes by analyzing the strategies for change available to the women s movement at the community lev **Bureaucratic Power in National Policy Making** Francis Edward Rourke,1986 *A Brief Introduction to US Politics* Robert J. Mckeever,2014-07-22 A Brief Introduction to American Politicsprovides a coherent and succinct account of how contemporary American politics blends enduring principles with the realities and demands of the present day Beginning with a brief overview of American society today the book introduces the constitutional framework of American politics and the fluid concept and practice of federalism It also covers the major features of the representative process looking at both elections and main players such as parties interest groups and the media Chapters on the major institutions of the federal government the presidency the Congress and the Supreme Court examines how they are simultaneously independent and constrained by each other Chapters on domestic and foreign policy demonstrate how government and politics work in connection with the system s main outputs A Brief Introduction to American Politicsis a shorter version of *Politics USA* and is intended for students who need an introduction to the essential features of the American political system *Dynamics of Public Bureaucracy* Fred A. Kramer,1981 *Intelligence and Intelligence Policy in a Democratic Society* Stephen J. Cimbala,1987 Published under the Transnational Publishers imprint *Bureaucratic Ambition* Manuel P. Teodoro,2007
