American Religious Thought A History:

American religious thought William Anthony Clebsch,1973 *American Religious Thought* William A. Clebsch,1973

American Religious Thought William A. Clebsch,1973 **History of American Religious Thought** ,1972

Christian Thought in America Hannah Schell,Daniel J. Ott,2015 This book offers a short accessible overview of the history of Christian thought in America from the Puritans and other colonials to the beginning of the twenty first century Each chapter concludes with a short bibliography of recent scholarship for further reading *The Religious Critic in American Culture* William D. Dean,1994-08-16 This book provides a new rationale for religious criticism in American society First Dean shows why today s academic intellectuals are relatively indifferent to questions of meaning in America pointing to the loss of American exceptionalism the professionalization of the academy and the rise of post structural criticism He then shows how intellectuals may reclaim a prophetic role by offering a new theory of the nature of religious thought Tracing this theory to a twentieth century emphasis on conventions Dean provides a way to understand how imaginative social constructions can become active historical conventions with real historical force He suggests that the sacred itself begins as an imaginative construct and becomes a convention thus working as an active living force in history Finally Dean argues that religious critics must now reclaim a responsibility for shaping their society s sacred conventions **A Religious History of the American People** Sydney E. Dean,1988-01-01 This book recognizes that the postmodern new historicism leads to a value neutral relativism and leaves theology with an impossible choice Dean argues that the postmodern challenge is incoherent and ineffective unless it is reinterpreted in terms of its classical American roots Before offering a third option Dean defends the neopragmatism of

Richard Rorty Richard Bernstein Nelson Goodman Hilary Putnam Cornel West and Jeffrey Stout the deconstructivism of Jacques Derrida and Mark Taylor and the recent theology of Gordon Kaufman The third option opening up a new possibility for American theology is the radical empiricism of William James and John Dewey and the precedent of the Chicago School
