Halford Ross Ryan

American Rhetoric:

American Rhetoric from Roosevelt to Reagan Halford Ross Ryan, 1987 The student of contemporary American public address rhetorical criticism and persuasion needs two fundamental kinds of original materials upon which to build a successful mastery of these disciplines I believe that the student can begin to study these disciplines by scrutinizing texts of speeches But which speeches should one study From many useful criteria I chose two that somewhat overlap First I selected significant or standard political speakers I make the word political go beyond mere party politics and use the word in its original and wider Greek sense of the polis the concerns of the state Second I selected speeches which can be treated as examples of advocacy or debate on important issues of the American polis pg xi [The Routledge Reader of African American Rhetoric](#) Vershawn Ashanti Young, Michelle Bachelor Robinson, 2024-11-01 The Routledge Reader of African American Rhetoric is a comprehensive compendium of primary texts that is designed for use by students teachers and scholars of rhetoric and for the general public interested in the history of African American communication The volume and its companion website include dialogues creative works essays folklore music interviews news stories raps videos and speeches that are performed or written by African Americans Both the book as a whole and the various selections in it speak directly to the artistic cultural economic gendered social and political condition of African Americans from the enslavement period in America to the present as well as to the Black Diaspora *Native American Rhetoric* Lawrence W. Gross, 2021-12-15 *Native American Rhetoric* is the first book to explore rhetorical traditions from within individual Native communities and Native languages The essays set a new standard for how rhetoric is talked about written about and taught The contributors argue that Native rhetorical practices have their own interior logic which is grounded in the morality and religion of their given traditions Once we understand the ways in which Native rhetorical practices are rooted in culture and tradition the phenomenological expression of the speech patterns becomes clear The value of Native communities and their languages is underlined throughout the essays Lawrence W Gross and the contributors successfully represent several but not all Native communities across the United States and Mexico including the Haudenosaunee Anishinaabe Choctaw Nahua Chickasaw and Chicana Tohono O odham Navajo Apache Hupa Lower Coast Salish Koyukon Tlingit and Nez Perce *Native American Rhetoric* will be an essential resource for continued discussions of Native American rhetorical practices in and beyond the discipline of rhetoric **Understanding African American Rhetoric** Ronald L. Jackson II, Elaine B. Richardson, 2014-05-22 This is an extraordinarily well balanced collection of essays focused on varied expressions of African American Rhetoric it also is a critical antidote to a preoccupation with Western Rhetoric as the arbiter of what counts for effective rhetoric Rather than impose Western terminology on African and African American rhetoric the essays in this volume seek to illumine rhetoric from within its own cultural expression thereby creating an understanding grounded in the culture s values The consequence is a richly detailed and well researched set of essays The contribution of African American

rhetoric can no longer be rendered invisible through neglect of its tradition The essays in this volume neither seek to displace Western Rhetoric nor function as an uncritical paen to Afrocentricity and Africology This volume is both timely and essential timely in advancing a better understanding of the richly textured history that is expressed through African American discourse and essential as a counterpoint to the hegemonic influence of Greek and Roman rhetoric as the origin of rhetorical theory and practice Written in the spirit of a critical rhetoric this collection eschews traditional focus on public address and instead offers a rich array of texts in musical and other forms that address publics

American Rhetoric Thomas W. Benson, 1989 Nine fresh views of the interconnections of historical critical and theoretical scholarship in the field of American rhetoric Stephen T Olsen addresses the question of how to determine the disputed authorship of Patrick Henry's Liberty or Death speech of March 23 1775 Stephen E Lucas analyzes the Declaration of Independence as a rhetorical action designed for its own time and drawing on a long tradition of English rhetoric Carroll C Arnold examines the communicative qualities of constitutional discourse as revealed in a series of constitutional debates in Pennsylvania between 1776 and 1790 James R Andrews traces the early days of political pamphleteering in the new American nation Martin J Medhurst discusses the generic and political exigencies that shaped the official prayer at Lyndon B Johnson's inauguration In Rhetoric as a Way of Being Benson acknowledges the importance of everyday and transient rhetoric as an enactment of being and becoming Gerard A Hauser traces the Carter Administration's attempt to manage public opinion during the Iranian hostage crisis Richard B Gregg ends the book by looking for conceptual metaphorical patterns that may be emerging in political rhetoric in the 1980s

Politics within Parentheses Georgina Gabor, 2017-08-21 The book purports to mediate between various culturally determined profiles of the discipline of Communication Studies While it directs the reader's attention to landmark American texts in intercultural communication it also signals the potential to make reading a relational praxis thus writing a way out of the disciplinary meta narratives of identification Through its focus on studies which employ critical or auto ethnographic methods the book represents a mediator of cultural meanings Its unique approach resides in the offering of a personal incursion through the texts under scrutiny which allows the reader a pathway a practical orientation towards criticism in general and the appropriate means to perform it
