American Scene Painting:

The American Scene: American Painting of the 1930's Matthew Baigell, 1974 Painting the American Scene Arthur D. Hittner, 2011-12-13 Although the so called American Scene movement dominated American art during the second quarter of the twentieth century it has been largely forgotten today eclipsed by emergence of abstract expressionism and the development of other avant garde art movements which gained prominence in America by mid century Today however even as the Depression era generation fades from the scene its art lives on The quality energy and visual impact of this art is abundantly apparent from even a cursory perusal of the masterworks described and reproduced in this catalogue of a private collection of American representational art of the Thirties and Forties Painting the American Scene American Art of the Thirties and Forties offers an extraordinary glimpse into the lives and work of twenty nine American painters whose art was highly acclaimed and widely exhibited during their lifetimes and for whom proper recognition is long overdue **Carl W.
