mathematical reform as it relates to history within the United States Finally conclusions are drawn as to which reform movements are similar and different throughout the century depicting which aspects of reform can be seen again Mathematics education tends to swing on a pendulum from traditional education including teacher directed instruction with an emphasis on computation skills to reform education including student directed instruction with an emphasis on problem solving All decades are analyzed to see where they were on the pendulum and what aspects may have contributed to the current reform movements led by the Standards movement

Beyond Modernism and Postmodernism Maurice R. Berube, 2002 Annotation Examines the political matrix of intellectual and cultural America

The Opportunity Gap Carol DeShano Da Silva, 2007 The Opportunity Gap aims to shift attention from the current overwhelming emphasis on schools in discussions of the achievement gap to more fundamental questions about social and educational opportunity The achievement gap looms large in the current era of high stakes testing and accountability Yet questions persist Has the accountability movement and attendant discussions on the achievement gap focused attention on the true sources of educational failure in American schools Do we need to look beyond classrooms and schools for credible accounts of disparities in educational outcomes The essays in this book reintroduce the overlooked central issue in educational inequity the lack of opportunity that many social groups face in our common quest for educational attainment In a series of wide ranging and carefully nuanced essays The Opportunity Gap casts much needed light on the vexed relationship between society and education and on the crucial persistent role that education plays in addressing social ills Contributors include Gilberto Q Conchas Raewyn Connell Pat English Sand Linda May Fitzgerald Patresa Hartman Jeff Howard Mieko Kamii Rafa M Kasim Christopher Kliwer Robert A LeVine Sarah E LeVine Jodi Meyer Mork Robert Parris Moses Sonia Nieto Donna Raschke Stephen W Raudenbush Ray C Rist Beatrice Schnell Anzola Irene Serna Susan McAllister Swap and Amy Stuart Wells with an afterword by Ronald F Ferguson

Origins of the Culture Wars Natalia Yael Mehlman-Petrzela, 2009 Joy as a Metaphor of Convergence Delores D. Liston, 2001 Discusses a major purpose of education the development of the capacity to interpret experience within a moral and spiritual framework The metaphor of Joy enables the author to integrate themes of preciousness and meaning of life with processes that facilitate the quest for personal meaning

Challenging Orthodoxies Sol Cohen, 1999 Challenging Orthodoxies explores the implications of linguistics literary criticism and language theory in general for historians of education This book introduces the core ideas of the linguistic turn and some of its major theorists Hayden White Richard Rorty Michel Foucault and Clifford Geertz By arguing for the primacy of language textuality and linguistic structures in historical narratives this study revises conventional understanding of the writing and interpretation of histories of education The author reassesses the oeuvre and career of the late Lawrence A Cremin generally acknowledged as the most important historian of American education of his time By redescribing progressive education solely as a language system the author transforms our understanding both of the progressive education movement and of its

continuing influence on American education In his exploration of the mental hygiene movement and the medicalization of American education the author uncovers a new chapter in the history of American education The author breaks new ground in tracking the influence of school reform movements on change in education and provides fresh contexts for discussing present and future prospects for school reform in the United States by defining language and language systems as evidentiary sources and basic units of historical inquiry *Challenging Orthodoxies* also calls attention to film as a legitimate source for historical research and interpretation of American education and demonstrates that integrating film into the historiography of education is feasible and productive in broadening our understanding both of history and of education
