Americas Italian Founding Fathers:

America's Italian Founding Fathers Adolph Caso,1975 **Philip Mazzei, One of America's Founding Fathers**
Giovanni Ermenegildo Schiavo,1951 Italian Culture in America Ralph G. Giordano,2020-05 At the onset of the American Revolution Britain's North American colonies sought political independence but remained culturally dependent upon Europe. Among the many vast contributions of Thomas Jefferson one of the most celebrated Founding Fathers was a continuing admiration and lifelong affinity for all things Italian. Jefferson believed that the genesis of liberty followed a path from Ancient Rome through the Italian Renaissance and Enlightenment and toward a progressive future for the new American nation. While Jefferson's affinity for Italy is well known, studying his role in assimilating Italian culture into the American project is a new venture. Surveying Jefferson as an Italophile reveals a wide spectrum of cultural appreciation. Ralph Giordano's innovative new book will certainly appeal to those interested in American History and America's emergence as a developing nation. Modern Italy's Founding Fathers Steven F. White,2020-05-28 *Modern Italy's Founding Fathers* offers a fresh perspective on the genesis of the Italian republic as viewed through the efforts of its three most influential leaders: Christian Democrat Alcide De Gasperi, Socialist Pietro Nenni, and Communist Palmiro Togliatti. In concise, accessible prose, this work demonstrates how De Gasperi, the Republic's inaugural prime minister from 1945 to 1953, and his fellow statesmen's shared experience of Fascist oppression, belief in popular sovereignty, and ability to compromise despite deep ideological differences enabled the creation of Italy's post-war republic. This path-breaking collective biography traces the genesis of the Italian republic, commencing with the overthrow of Mussolini in 1943 and concluding with the death of De Gasperi in 1954. Drawing on the speeches, writings, and personal papers of the three protagonists, on Italian and U.S. archives, on contemporary memoirs, and on secondary scholarship, Steven F. White demonstrates how these leaders forged political practices and customs which continue to define Italian parliamentary life to the present day. Examining the interplay of personalities, leadership styles, ideas, and political context, this study is a vital text for any student of modern Italy and more broadly of Cold War Europe.

Philip Mazzei Giovanni Ermenegildo Schiavo,1951 *The Birth of American Law* John D. Bessler,2014 *The Birth of American Law: An Italian Philosopher and the American Revolution* tells the forgotten, untold story of the origins of U.S. law. Before the Revolutionary War, a 26-year-old Italian thinker, Cesare Beccaria, published *On Crimes and Punishments*, a runaway bestseller that shaped the Declaration of Independence, the U.S. Constitution, and early American laws. America's Founding Fathers, including early U.S. Presidents, avidly read Beccaria's book, a product of the Italian Enlightenment that argued against tyranny and the death penalty. Beccaria's book shaped American views on everything from free speech to republicanism to Life, Liberty, and the pursuit of Happiness, to gun ownership and the founders' understanding of cruel and unusual punishments. The famous phrase in the U.S. Constitution's Eighth Amendment, "In opposing torture and infamy," Beccaria inspired America's founders to jettison England's Bloody Code, heavily reliant on executions and corporal punishments, and to

adopt the penitentiary system The cast of characters in *The Birth of American Law* includes the usual suspects George Washington Thomas Jefferson John Adams and James Madison But it also includes the now little remembered Count Luigi Castiglioni a botanist from Milan who decades before Alexis de Tocqueville's *Democracy in America* toured all thirteen original American states before the 1787 Constitutional Convention in Philadelphia Also figuring in this dramatic story of the American Revolution Madison's Princeton classmate William Bradford an early U S Attorney General and Beccaria devotee John Dickinson the Penman of the Revolution who wrote of Beccaria's genius and masterly hand James Wilson and Dr Benjamin Rush signers of the Declaration of Independence and fellow Beccaria admirers and Philip Mazzei Jefferson's Italian American neighbor at Monticello and yet another Beccaria enthusiast In documenting Beccaria's game changing influence *The Birth of American Law* sheds important new light on the Constitution the Bill of Rights and the creation of American law This book is part of the Legal History Series edited by H Jefferson Powell Duke University School of Law *The Birth of American Law* was awarded the 2015 Scribes Book Award and the First Prize in the 2015 AAIS Book Award competition in the 18th 19th century category It was also named INDIEFAB's 2014 Gold Winner for History
