Odom,1998 An inflammatory politically incorrect book humor to those who think horror to those who feel Guy Odom uses history to predict that social conditions such as drunk driving education decline illegal drug use crime corrupt politics financial scams inflation race riots and foreign terrorism will worsen ten times by 2013 This makes a dictator a man on horseback to rein in an out of control nation plausible and perhaps attractive a historically sound proposition but a first for America Odom offers no suggestions to correct today s social ills Instead he applies his own brand of Machiavellian and Swiftian logic in writing to the future man on horseback He delineates the causes of America s decline the offers America s man on horseback ideas to clean up the mess and build an American Empire This book is sure to awaken dormant thoughts of unease brought about by the decadence and corruption narcotizing our nation and to offer a catharsis to those harmed by current conditions **Outrageous Yes Boring No** Proceedings of the ...
