Wives of the American Presidents, 2d ed. Carole Chandler Waldrup, 2016-04-06 Their personalities often set the tone for Washington society from Julia Tyler's open hospitality to Sarah Polk's somber religious devotion Some like Abigail Adams had little formal schooling Others such as Pat Nixon and Hillary Clinton earned college degrees There were those who outlived their spouses as well as women who died before seeing their husbands realize their presidential dreams In spite of differing circumstances these presidential wives influenced sometimes overtly and often inadvertently everything from domestic political agendas to foreign policy through their relationships with their husbands This book discusses the lives and circumstances of the women who have been married to an American president It emphasizes the relationship each wife had with her husband and the ways in which this contributed to the success or failure of his presidency Details include birthplace upbringing political viewpoints and final resting place Chapters are also included on women such as Hannah Van Buren and Jane Wyman who although married to men who eventually became president never became first lady
