A Quaker Promise Kept:

Conspiracy of Interests Laurence M. Hauptman, 2001-04-01 The period between the American Revolution and the middle nineteenth century dramatically changed New York State and the Iroquois Upstate metropolises Utica Syracuse Rochester and Buffalo were founded and soon witnessed a phenomenal growth making New York State one of the fastest growing regions in the country This development led to the displacement of the Iroquois Initially state officials attempted to force the Indians west In his book Laurence M Hauptman shows how state transportation interests land speculating companies and national defense policies worked to undermine the Iroquois When forced removal of the Indians failed Albany officials pushed for jurisdiction over the Indians including attempts to tax them Hauptman goes beyond simply recounting the tragedy that befell the Indians in New York He includes memoirs and letters of gazetteers travelers accounts tribal records personal correspondence and Indian petitions to Albany and Washington eloquent documents that reveal a rich culture in crisis

Coming Full Circle Laurence M. Hauptman, 2019-04-11 The disastrous Buffalo Creek Treaty of 1838 called for the Senecas removal to Kansas then part of the Indian Territory From this low point the Seneca Nation of Indians which today occupies three reservations in western New York sought to rebound Beginning with events leading to the Seneca Revolution in 1848 which transformed the nation s government from a council of chiefs to an elected system Laurence M Hauptman traces Seneca history through the New Deal Based on the author s nearly fifty years of archival research interviews and applied work Coming Full Circle shows that Seneca leaders in these years learned valuable lessons and adapted to change thereby preparing the nation to meet the challenges it would face in the post World War II era including major land loss and threats of termination Instead of emphasizing American Indian decline Hauptman stresses that the Senecas were actors in their own history and demonstrated cultural and political resilience Both Native belief in the form of the Good Message of Handsome Lake and Christianity were major forces in Seneca life women continued to play important social and economic roles despite the demise of clan matrons right to nominate the chiefs and Senecas became involved in national and international competition in long distance running and in lacrosse The Seneca Nation also achieved noteworthy political successes in this period The Senecas resisted allotment and thus saved their reservations from breakup and sale They recruited powerful allies including attorneys congressmen journalists and religious leaders They saved their Oil Spring Reservation winning a U S Supreme Court case against New York State on the issue of taxation and won remuneration in their Kansas Claims case These efforts laid the groundwork for the Senecas postwar endeavor to seek compensation before the Indian Claims Commission and pursuit of a series of land claims and tax lawsuits against New York State

Quakers and Native Americans, 2019-03-25 Quakers and Native Americans examines the history of interactions between Quakers and Native Americans American Indians Fourteen scholarly essays cover the period from the 1650s to the twentieth century American Indians often guided the Quakers by word and example demanding that they give content to their celebrated

commitment to peace As a consequence the Quakers relations with American Indians has helped define their sense of mission and propelled their rise to influence in the U S Quakers have influenced Native American history as colonists government advisors and educators eventually promoting boarding schools assimilation and the suppression of indigenous cultures The final two essays in this collection provide Quaker and American Indian perspectives on this history bringing the story up to the present day Contributors include Ray Batchelor Lori Daggar John Echohawk Stephanie Gamble Lawrence M Hauptman Allison Hrabar Thomas J Lappas Carol Nackenoff Paula Palmer Ellen M Ross Jean R Soderlund Mary Beth Start Tara Strauch Marie Balsley Taylor Elizabeth Thompson and Scott M Wert

Historical Dictionary of the Friends (Quakers) Margery Post Abbott, Mary Ellen Chijioke, Pink Dandelion, John William Oliver, 2011-12-01 The modern reputation of Friends in the United States and Europe is grounded in the relief work they have conducted in the presence and aftermath of war Friends also known as Quakers have coordinated the feeding and evacuation of children from war zones around the world They have helped displaced persons without regard to politics They have engaged in the relief of suffering in places as far flung as Ireland France Germany Ethiopia Egypt China and India Their work was acknowledged with the award of the Nobel Peace Prize in 1947 to the American Friends Service Committee AFSC and the Friends Service Council of Great Britain More often however Quakers live worship and work quietly without seeking public attention for themselves Now the Friends are a truly worldwide body and are recognized by their Christ centered message of integrity and simplicity as well as their nonviolent stance and affirmation of the belief that all people women as well as men may be called to the ministry The expanded second edition of the Historical Dictionary of the Friends Quakers relates the history of the Friends through a chronology an introductory essay an extensive bibliography and over 700 cross referenced dictionary entries on concepts significant figures places activities and periods This book is an excellent access point for scholars and students who will find the overviews and sources for further research provided by this book to be enormously helpful

Rethinking Professionalism Kristina Huneault, Janice Anderson, 2012-04-11 The history of women and art in Canada has often been celebrated as a story of progress from amateur to professional practice Rethinking Professionalism challenges this narrative by questioning the assumptions that underlie the category of artistic professionalism a construct as influential for artistic practice as it has been for art historical understanding Through a series of in depth studies contributors examine changes to the infrastructure of the art world that resulted from a powerful discourse of professionalization that emerged in the late nineteenth century While many women embraced this new model others fell by the wayside barred from professional status by virtue of their class their ethnicity or the very nature of the artworks they produced The richly illustrated essays in this collection depict the changing nature of the professional paradigm as it was experienced by women painters photographers craftspeople architects curators gallery directors and art teachers In so doing they demonstrate the ongoing power of feminist art history to disrupt patterns of thought that have become naturalized and accordingly invisible Going

beyond the narratives of recovery or exclusion that the category of professionalism has traditionally encouraged Rethinking Professionalism explores the very consequences of telling the history of women's art in Canada through that lens Contributors include Annmarie Adams McGill University Alena Buis Queen's University Sherry Farrell Racette University of Manitoba Cynthia Hammond Concordia University Kristina Huneault Concordia University Loren Lerner Concordia University Lianne McTavish University of Alberta Kirk Niergarth Mount Royal University Mary O Connor McMaster University Sandra Paikowsky Concordia University Ruth B Phillips Carleton University Jennifer Salahub Alberta College of Art Design and Anne Whitelaw Concordia University Quaker History, 2001 *British Quaker Theology Since 1895* Martin Davie, 1997 **One Woman's West** Martha Gay Masterson, 1986 *Pioneers Northwest women pioneers* A Friend Among the Senecas David Swatzler, Henry Simmons, 2000 This account of a 1799 Quaker mission to a Seneca village is based on the journal of Henry Simmons and offers a captivating look at the lifestyles of both groups and their interactions A Western Quaker Reader Anthony Manousos, 2000 *Friends Journal*, 2000 **Confining Indians** C.
