**A Raine Miscellany** Angela Marsden,1991 Memoir of north of England childhood of James Raine 1791 1858 antiquary and local historian with later letters and family papers [A Raine Miscellany](#) James Raine,1991 James Raine 1791 1858 son of James Raine and Anne Moore was born in Ovington on Tees England He married Margaret Peacock in 1828 [Opening The Nursery Door](#) Mary Hilton,Morag Styles,Victor Watson,2012-12-06 Opening the Nursery Door is a fascinating collection of essays inspired by the discovery of a tiny archive the nursery library of Jane Johnson 1707 1759 wife of a Lincolnshire vicar It has captured the scholarly interest of social anthropologists historians literary scholars educationalists and archivists as it has opened up a range of questions about the nature of childhood within English cultural life over three centuries the texts written and read to children the multifarious ways childhood has been considered shaped and schooled through literacy practices and the hitherto ignored role of women educators in early childhood across all classes [Gulliver in the Land of Giants](#) Anna Grzeskowiak-Krwawicz,2016-04-22 J zef Boruwlaski was the most famous dwarf of the Enlightenment age Polish born he travelled extensively throughout Europe appearing and performing at royal courts and salons before settling in Durham in his later life until his death at the age of 97 He was described in Diderot s Encyclop die and the press of his day both on the continent and in the UK sustained an interest in him and kept tabs on his life and experiences His memoirs published in a bilingual French and English version in 1788 show him to have been an intelligent and sharp observer of the world he inhabited The life story of this miniature gentleman is not only highly interesting in its own right but also offers a new perspective on the culture of the Enlightenment Through a meticulous survey of source materials in Poland France and the United Kingdom the author has managed to unearth and reconstruct many heretofore unknown details about Boruwlaski s life and adventures about his travels first on the continent and then in the United Kingdom It is not typical biography but rather an attempt at identifying certain social roles that were imposed upon Boruwlaski a plaything of the salons a source of entertainment for the masses an adventurist against his own wishes At the same time his story is that of a man who spent his whole life trying to escape from such roles imposed upon him Boruwlaski s memoirs are included in full containing many of the letters he sent to his wife with critical annotation The author also investigates for the first time the sizeable differences between the many different versions of the memoirs published during his own lifetime This monograph offers not only an opportunity to rediscover the fascinating life story of an intriguing man but also gives a unique point of view on Europe s uppermost elite in the Enlightenment age as people who remained deeply fascinated with deformities and oddities despite their own self professed refined tastes **Archaeologia Aeliana, Or, Miscellaneous Tracts Relating to Antiquity** ,2008 A classified catalogue of papers from Archaeologia aeliana 1813 1913 is included in the Centenary volume ser 3 v 10 p 334 376 [Figures in the Landscape](#) Margaret Spufford,2026-02-02 How did the peasantry of early modern England react to the Reformation and to subsequent changes in their churches Were they involved in founding dissenting churches Could they

even read And if so what was available for them This volume brings together a key set of papers on such subjects by one of the foremost recent English social historians Margaret Spufford has been a pioneer in the particular social landscape of early modern England of the techniques of total history and her work has helped shift the historical understanding of seventeenth century commoners away from merely economic models and toward a perspective in which religious cultural educational and geographical factors are also seen as integral parts of the environment of the past **Cake & Cockhorse** ,2003 The World of Rural Dissenters, 1520-1725 Margaret Spufford,1995-03-16 There has been dispute amongst social historians about whether only the more prosperous in village society were involved in religious practice A group of historians working under Dr Spufford s direction have produced a factual solution to this dispute by examining the taxation records of large groups of dissenters and churchwardens and have established that both late Lollard and post Restoration dissenting belief crossed the whole taxable spectrum We can no longer speak of religion as being the prerogative of either weavers and threshers or on the other hand of village elites The group also examined the idea that dissent descended in families and concluded that this was not only true but that such families were the least mobile population group so far examined in early modern England probably because they were closely knit and tolerated in their communities The cause of the apparent correlation of dissenting areas and areas of early by employment was also questioned The group concludes that travelling merchants and carriers on the road network carried with them radical ideas and dissenting print the content of which is examined as well as goods In her own substantial chapter Dr Spufford draws together the pieces of the huge mosaic constructed by her team of contributors adds radical ideas of her own and disagrees with much of the prevailing wisdom on the function of religion in the late seventeenth century Professor Patrick Collinson has contributed a critical conclusion to the volume This is a book which breaks new ground and which offers much original material for ecclesiastical cultural demographic and economic historians of the period The Aligarh Critical Miscellany ,1991 **The Shakspearean Miscellany: Containing a Collection of Scarce and Valuable Tracts** Francis Godolphin Waldron,1970 **The American Genealogist** ,2007
