Credo Hans Kung,2003-09-18 In this small lucid gem of a book the controversial Swiss theologian Hans Kung offers his thoughtful explanation of what the ancient profession of Christian faith can mean for us today In doing so Kung also flings a challenging response to the new Catechism of the Catholic Church for Credo is a fresh answer to the conservative stance of today s Vatican a salvo that cannot be ignored While controversy inevitably surrounds all of Kung s books Credo is his most accessible and straightforward work to date written simply for all readers It is the summation of a lifetime of theological thought by one of Christianity s most profound and original thinkers a book that reaches out to non Catholic Christians as well as to Jews Moslems and those of the Eastern religions and that gives everyone the dignity he or she deserves Kung asks the big questions Can we still believe in God In the Virgin birth In the divinity of Jesus In his resurrection In eternal life And Kung also asks many unusual questions Did Auschwitz disprove the existence in God Is there any real difference between Jesus and the Buddha Is resurrection from the dead un Jewish Must the Church be undemocratic The answers he gives are as always profound and unexpected This is not a book just for Catholics or even just for Christians but a book for anyone with an interest in how religion can be integrated into contemporary life Here is a great modern intellect at his most reader friendly

an account of everything that relates to Christ His Person Life Work and Teaching It is in a sense complementary to the Dictionary of the Bible in which of course Christ has a great place But a dictionary of the Bible being occupied mainly with things biographical historical geographical or antiquarian does not give attention to the things of Christ sufficient for the needs of the preacher to whom Christ is everything This is first of all a preacher s dictionary The authors of the articles have been carefully chosen from among those scholars who are or have been themselves preachers And even when the articles have the same titles as articles in the Dictionary of the Bible they are written by new men and from a new standpoint It is thus a work which is quite distinct from and altogether independent of the Dictionary of the Bible It is called a Dictionary of Christ and the Gospels because it includes everything that the Gospels contain whether directly related to Christ or not Its range however is far greater than that of the Gospels It seeks to cover all that relates to Christ throughout the Bible and in the life and literature of the world There will be articles on the Patristic estimate of Jesus the Medieval estimate the Reformation and Modern estimates There will be articles on Christ in the Jewish writings and in the Muslim literature Much attention has been given to modern thought whether Christian or anti Christian Every aspect of modern life in so far as it touches or is touched by Christ is described under its proper title James Hastings 1852 1922 was a distinguished scholar and pastor He was founder and editor of the Expository Times and is also well known for editing the five volume Dictionary of the Bible as well as the Encyclopaedia of Religion and Ethics the Dictionary of Christ and the Gospels and the Dictionary of the Apostolic Church **Christian Faith and Life** ,1910 **The Hebrew Christian Witness and Prophetic Investigator** ,1877 *The New Schaff-Herzog Encyclopedia of Religious Knowledge* ,1908
