A Shadowed Man Henry Williamson 1895-1977:

A Shadowed Man Lois Lamplugh, 1990 In the Highest Degree Odious Alfred William Brian Simpson, 1994 During the Second World War just under 2000 British citizens were detained without charge trial or term set under Regulation 18B of the wartime Defence Regulations This book provides a comprehensive study of Regulation 18B and its precursor in the First World War Regulation 14B

Modernity and the English Rural Novel Dominic Head, 2017-04-07 This book examines the persistence of the rural tradition in the English novel into the twentieth century In the shadow of metropolitan literary culture rural writing can seem to strive for a fantasy version of England with no compelling social or historical relevance Dominic Head argues that the apparent disconnection is in itself a response to modernity rather than a refusal to engage with it and that the important writers in this tradition have had a significant bearing on the trajectory of English cultural life through the twentieth century At the heart of the discussion is the English rural regional novel of the 1920s and 1930s which reveals significant points of overlap with mainstream literary culture and the legacies of modernism Rural writers refashioned the conventions of the tradition and the effects of literary nostalgia to produce the swansong of a fading genre with resonances that are still relevant today
