Water Damage Daniel R. Cillis Ph.D., 2015-03-20 On a spring day early in the 20th Century the unthinkable occurs A horse drawn wagon carrying a bomb loaded with dynamite and shrapnel explodes in front of the House of Morgan in New York Dozens are killed and hundreds are wounded The Wall Street Explosion as it came to be known ensures that the corner of Broad and Wall will be associated with the dawn of organized terror in America Although New York and the financial center of the world recover U S foreign policy will never be the same Months earlier New Mexico s statehood was threatened by Article X of the Treaty of Mesilla the Revert Document The document that allows Mexico to reassert its claim over the territory created an

international conspiracy Spanish American war hero Adobe Centori who fought to secure New Mexico statehood returns in this sequel to Statehood of Affairs Centori seeks redemption for the woman he could not save in the Revert Document conspiracy only to be drawn into a greater conspiracy a secret war against America After the Wall Street bombing a series of attacks in New York raises the stakes for all involved none of whom can deny the sense of a coming catastrophic terror attack From New Mexico to New York a search for anarchists and state sponsored spies ensues Centori joins a team of federal agents and city police officers in a campaign to stop the attacks one that is fraught with dangerous saboteurs They must uncover an international plot tied to Germany s ambitions in the coming Great War *Vertigo Comics* Isabelle

Licari-Guillaume,2022-08-30 This book explores the so called British Invasion of DC Comics Vertigo imprint which played an important role in redefining the mainstream comics industry in the US during the early 1990s Focusing on British creators within Vertigo this study traces the evolution of the line from its creation in 1993 to its demise in 2019 Through an approach grounded in cultural history the book disentangles the imprint s complex roots showing how editors channelled the potential of its British writers at a time of deep seated economic and cultural change within the comics industry and promoted a sense of cohesion across titles that defied categories The author also delves into lesser known aspects of the Invasion exploring less canonical periods and creators that are often eclipsed by Vertigo s early star writers An innovative contribution on a key element of comic book history this volume will appeal both to researchers of Vertigo scholarship and to fans of the imprint It will also be an essential read for those interested in transatlantic collaborations and exchanges in the entertainment industry processes of cultural legitimation and cultural hierarchies and to anyone working on the representation of national and social identities The Trickster in Ginsberg Katherine Campbell Mead-Brewer,2013-05-27 This scholarly close reading of Allen
