anthropology sociology media studies literature language learning education and ethnic and multicultural attitudes Looking back to the Commission on Bilingualism and Biculturalism mandated in 1963 the editors point out that the terminology has changed radically and that the evolution from biculturalism to multiculturalism has clarified not only the political agenda but the research agenda as well An insistent theme recurs throughout this volume multiculturalism is taken increasingly as being a characteristic of Canadian society as a whole rather than a concept focused exclusively on new Canadians While the Canadian population has always been ethnically diverse only recently has the diversity been systematically analysed Ethnic and multicultural studies are remarkably well developed in Canada the editors conclude However they point out one shortcoming more apparent in some fields than others we often know quite well how the dominant group views a minority but we often lack knowledge of the reverse attitudes and opinions Berry and Laponce recommend that we replace one way mirrors with windows preferably open windows BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved
