IHJ Bulletin ,1991 *America and the Four Japans* Frederik L. Schodt,1994 A readable overview of the ever changing relationship between Japan and the United States *Historians Across Borders* Nicolas Barreyre,2014-03-14 In this stimulating and highly original study of the writing of American history twenty four scholars from eleven European countries explore the impact of writing history from abroad Six distinguished scholars from around the world add their commentaries Arguing that historical writing is conditioned crucially by the place from which it is written this volume identifies the formative impact of a wide variety of institutional and cultural factors that are commonly overlooked Examining how American history is written from Europe the contributors shed light on how history is written in the United States and indeed on the way history is written anywhere The innovative perspectives included in *Historians across Borders* are designed to reinvigorate American historiography as the rise of global and transnational history is creating a critical need to understand the impact of place on the writing and teaching of history This book is designed for students in historiography global and transnational history and related courses in the United States and abroad for US historians and for anyone interested in how historians work *The East* ,2005 *The East-West Review* ,1965 **Contemporary Authors** Ann Evory,1979 Contains alphabetically arranged profiles of published contemporary authors of non technical works from around the world each with personal data addresses career history and a list of writings and in some cases a list of works in progress sidelights and avocational interests up to date through late 1978 **After the Grapes of Wrath** Donald V. Coers,Paul Ruffin,Robert J. DeMott,1995 Traditionally the critical reputation of Nobel Prize winning American novelist John Steinbeck 1902 1968 has rested on his achievements of the 1930s especially *In Dubious Battle* 1936 *Of Mice and Men* 1937 *The Long Valley* 1938 and of course *The Grapes of Wrath* 1939 one of the most powerful and arguable on of the greatest American novels of this century Book reviewers and academic critics often turned antagonistic toward Steinbeck when he no longer produced work with the sweeping reach and social consciousness of *The Grapes of Wrath* He was accused of selling out or co opting his talent when in fact the inordinate public success of *Grapes* and especially its attendant notoriety had caused a backlash for Steinbeck As a result he became self conscious about his own ability and suspicious of that clumsy vehicle the novel The very act of researching and writing *Grapes* which occupied him fully for several years and which he had already conceived as his final book on proletarian themes changed him drastically No longer willing to be the chronicler of Depression era subjects Steinbeck went afield to find new roots new sources new forms For example in the six years following the publication of *Grapes* Steinbeck completed a suit of love poems a full length novel bastardized by Alfred Hitchcock in his 1943 film *Lifeboat* a nonfiction scientific book *Sea of Cortez* A Leisurely Journal of Travel and Research with Edward F Ricketts a documentary film *The Forgotten Village* a documentary book to help the war effort *Bombs Away* *The Story of a Bomber Team* a series of articles he wrote as a war correspondent for the *New York Herald Tribune* later collected as *Once There Was a War* and two

novels *The Moon Is Down* and *Cannery Row* Steinbeck came to define himself less as a novelist and more as a man of letters a restless experimenter with form and subject matter and a prophetic postmodernist whose key subject for the rest of his career was the dilemma of individual choice and ethical consciousness Thus Steinbeck's later fiction from *The Moon Is Down* 1942 through *The Winter of Our Discontent* 1962 and his later nonfiction from *Sea of Cortez* 1941 through *Travels with Charley* 1962 and *America and Americans* 1966 often shows a different set of stylistic thematic and philosophical bearings from his earlier work and underscores his dramatic shift toward individual thinking A full appreciation of Steinbeck's mid-career metamorphosis and consequently of his later achievement requires a corresponding shift in critical approach a departure from the traditional New Critical norms Instead of marginalizing these works all the contributors to this volume agree that Steinbeck's later publications merit indeed demand closer scrutiny Written especially for this collection in honor of Professor Tetsumaro Hayashi the distinguished founder and editor in chief of the *Steinbeck Quarterly* on his retirement from Ball State University and his move to Kwassui Women's College in Nagasaki Japan these essays explore new ways of addressing Steinbeck's later work and career and include forays into subjects as diverse as ethnicity and music They range from treatment of his post-structuralist use of language in *Sea of Cortez* and his involvement as a speech writer for Franklin Delano Roosevelt's reelection bid in 1944 to the influence of Charles Darwin's theories of sexual selection in *The Wayward Bus* his revision of the myth of Cain in *The Winter of Our Discontent* and his employment of Arthurian quest values in his last book *America and Americans* For this group of critics which includes respected veteran Steinbeck scholars Robert DeMott John Ditsky Mimi Gladstein Cliff Lewis Robert Morsberger Susan Shillinglaw and Roy Simmonds as well as talented new voices Debra Barker Kevin Hearle Michael Meyer Brian Railsback Eiko Shiraga and GERALYN STRECKER *The Moon is Down* and *The Wayward Bus* loom as significant works in the post-1930s re-evaluation two essays each appear on these works The book also includes Donald Coers's interview with the writer's widow Elaine Steinbeck the first of its kind ever published After *The Grapes of Wrath* opens with eminent Americanist Warren French's appreciation of Professor Hayashi's distinguished career and his influence in Steinbeck studies a bibliography of Hayashi's major publication concludes this honorary gathering

America at War, 1998 **Bringing Transnational Relations Back In** Thomas Risse-Kappen, 1995-09-28 Taking a fresh look at the impact of non-state actors on world politics and on the foreign policies of states this book revives the debate on transnational relations which started in the 1970s This debate withered away in the face of state-centered approaches but this book's new approach emphasizes the interaction of states and transnational actors arguing that domestic structures of the state as well as international institutions mediate the policy influence of transnational actors Empirical chapters examine the European Economic and Monetary Union US Japanese transnational relations multinational corporations in East Asia Soviet and Russian security policy democratization in Eastern Europe and ivory management in Africa The book concludes with chapters discussing the theoretical implications of the findings in the empirical studies *Bulletin of the Copyright*
