Caldwell, Karrin Hanshew, 2018-08-09 Peter C Caldwell and Karrin Hanshew's *Germany Since 1945* traces the social political and cultural history of Germany from the end of the Second World War right up to the present day The book provides a narrative that not only explores the histories of East and West Germany in their international contexts but one that also takes the significantly different world of the Berlin Republic seriously analyzing it as a distinct and significant period of German history in its own right Split into three parts roughly devoted to a quarter century each this book guides students through contemporary Germany from the catastrophe of war genocide and the country's division to the very different challenges facing the reunified Germany of the 21st century There are key primary source excerpts integrated throughout the text as well as 32 images numerous maps charts and tables and a detailed bibliography to further aid study The book is complemented by online resources which include sample syllabi and a pedagogical supplement *Germany Since 1945* underscores both the particularities of German history and the international trends and transactions that shaped it giving good coverage to key aspects of post 1945 German society and politics including East and West German paths to reconstruction The development of consumer society and the welfare state The politics of memory and coming to terms with the Nazi past The Cold War New social and political movements that opposed the postwar status Immigration and the move toward a multicultural society This is an essential text for any student of contemporary German history The Antifascist Classroom Benita Carol Blessing, 2001 Everyday Denazification in Postwar Germany Mikkel Dack, 2023-03-30 In the wake of World War II the victorious Allied armies implemented a radical program to purge Nazism from Germany and preserve peace in Europe Between 1945 and 1949 20 million political questionnaires or Fragebogen were distributed by American British French and Soviet armies to anxious Germans who had to prove their non Nazi status to gain employment Drafted by university professors and social scientists these surveys defined much of the denazification experience and were immensely consequential to the material and emotional recovery of Germans In *Everyday Denazification in Postwar Germany* Mikkel Dack draws the curtain to reveal what denazification looked like on the ground and in practice and how the highly criticized vetting program impacted the lives of individual Germans and their families as they recovered from the war Accessing recently declassified documents this book challenges traditional interpretations by illustrating the positive elements of the denazification campaign and recounting a more comprehensive history one of mid level Allied planners civil affairs soldiers and regular German citizens The Fragebogen functions as a window into this everyday history **Germany Under Occupation** James Kerr Pollock, James Hans Meisel, Henry L. Bretton, 1949 *Contesting the "other Germany"* Andreas Agocs, 2009 *Controlling Information in U.S. Occupied Germany, 1945-1949* Lawrence Raymond Hartenian, 2003 This work examines the role of the United States Military Government's Information Control Division in reestablishing the German media during the post World War II occupation of Germany It investigates the actions taken by ICD to reestablish the media

Behind the Iron Curtain Bryan W. Machin,2010 The Historian ,2002 Antifascism & the Historical Identity of East German Youth, 1961-1989 Catherine J. Plum,2005 Soviet Monitor ,1948 **Political Science Quarterly** ,2017 Vols 4 38 40 41 include Record of political events Oct 1 1888 Dec 31 1925 issued as a separately paged supplement to no 3 of v 31 38 and to no 1 of v 40 The Journal of Military History ,2001 **Deactivating War** Natalia Maria Springer,2006 *Russian Commands and German Resistance* Edward Norman Peterson,1999 The common assumption has been that Stalin established a totalitarian state in his zone and that the authoritarian Germans simply continued from one obedience to the other Scholarly analysis first possible with the coming down of the Wall begins with the Soviet Command in Berlin It then traces policy implementation in four German states and eight local communities The surprising conclusion is that the purposes of Stalin were confused that the Moscow policy was ambivalent and the assigned personnel insufficiently prepared and controlled The German response was a massive resistance whether out of a desire for freedom or for a higher standard of living or the inertia of continuing in their individualistic capitalist ways
