Der Untertan:

Heinrich Mann's Novels and Essays Karin Verena Gunnemann, 2002 The first full length study in English of Heinrich Mann's literary work and political activism Heinrich Mann once counted among the most important literary figures in Germany is known to most English speaking readers only as the brother of Thomas Mann or in connection with Marlene Dietrich and the film *The Blue Angel* which was based on one of his novels Only a few of his novels and stories and virtually none of his hundreds of provocative essays are available in English But he deserves special attention for the window his work provides onto the intellectual social and political history of Germany especially Germany's struggle with the question of democracy in the early twentieth century In his essays and novels Mann exposed Germany's resistance to democracy well before the First World War and especially during the Revolution of 1918-19 and the Weimar Republic he made the education of the German people to democratic values and a democratic form of government the center of his life and work Professor Gunnemann's book is the first work in English that explores Heinrich Mann's work in detail Special attention is given to the history of the reception of Mann's works in Germany which is also a history of that nation's self understanding Karin Verena Gunnemann is professor of German at Agnes Scott College in Atlanta

The Loyal Subject: Heinrich Mann Heinrich Mann, 1998-03-01 Published in 1918 *Der Untertan* by Heinrich Mann 1871-1950 previously issued in the United States only in parts under the title *Man of Straw* is a satirical novel that connects the tradition of nineteenth century German literature with the larger problems faced on the eve of the Nazi era This edition of *The Loyal Subject* is introduced and edited by Helmut Peitsch The translation is adapted with new portions translated by Daniel Theisen *Der Untertan* Heinrich Mann, 1958

[Cinema of Collaboration](#) Mariana Ivanova, 2019-10-03 From their very inception European cinemas undertook collaborative ventures in an attempt to cultivate a transnational Film Europe In the postwar era it was DEFA the state cinema of East Germany that emerged as a key site for cooperative practices Despite the significant challenges that the Cold War created for collaboration DEFA sought international prestige through various initiatives These ranged from film exchange in occupied Germany to partnerships with Western producers and from coproductions with Eastern European studios to strategies for film co authorship Uniquely positioned between East and West DEFA proved a crucial mediator among European cinemas during a period of profound political division

Business Rhetoric in German Novels Ernest Schonfield, 2018 Argues on the evidence of nine major German novels that literature and business have in common a reliance on language understood in a creative performative and rhetorical sense

German Film & Literature Eric Rentschler, 2013-10-15 First Published in 1986 This collection of essays by an international team of scholars is the first sustained investigation in any language of the historical interactions between German film and literature It is a book about adaptations and transformations about why filmmakers adapt certain material at certain times The major impetus at work is the desire to expand the field of adaptation study to include sociological theoretical and historical dimensions and to bring a

livelier regard for intertextuality to the studies of German film and literature It is concerned with the ways in which filmmakers in Germany from Pabst and von Sternberg to Fassbinder Herzog and Sanders Brahms have engaged and been engaged by literary history

Uniform Fantasies Jeffrey Schneider,2023-07-26 Starting in the nineteenth century in Germany colourful military uniforms became a locus for various queer male fantasies fostering an underground sexual economy of male prostitution as well as a political project to exploit the army s prestige for queer emancipation In the first decade of the twentieth century however a series of scandals derailed this emancipatory project Simultaneously public debates began to invoke homosexuality sadism transvestism and other sexological concepts to criticize military policies and practices In pursuing the threads with which queer authors and activists stitched their fantasies about uniforms Jeffrey Schneider offers fresh perspectives on key debates over military secrecy disciplinary abuses in the army and German militarism Drawing on a vast trove of materials ranging from sexological case studies trial transcripts and parliamentary debates to queer activist tracts autobiographies and literary texts *Uniform Fantasies* uncovers a particularly modern set of concerns about such topics as outing closeted homosexuals the presence of gay men in the military and whether men in uniform are more masculine or more insecure about their sexual identity
