Satyros and Prometheus Johann Wolfgang von Goethe, 1898 [The Proletarian Dream](#) Sabine Hake, 2017-09-11 The proletariat never existed but it had a profound effect on modern German culture and society As the most radicalized part of the industrial working class the proletariat embodied the critique of capitalism and the promise of socialism But as a collective imaginary the proletariat also inspired the fantasies desires and attachments necessary for transforming the working class into a historical subject and an emotional community This book reconstructs this complicated and contradictory process through the countless treatises essays memoirs novels poems songs plays paintings photographs and films produced in the name of the proletariat The Proletarian Dream reads these forgotten archives as part of an elusive collective imaginary that modeled what it meant and even more important how it felt to claim the name proletarian with pride hope and conviction By emphasizing the formative role of the aesthetic the eighteen case studies offer a new perspective on working class culture as a oppositional culture Such a new perspective is bound to shed new light on the politics of emotion during the main years of working class mobilizations and as part of more recent populist movements and cultures of resentment Aldo and Jeanne Scaglione Prize for Studies in Germanic Languages and Literatures 2018 **British Museum Catalogue of printed Books** ,1881 [British Museum Catalogue of Printed Books. myth together with the ways in which mythological formations operate in literature aesthetics and politics with a focus on the period around 1800 They enquire into the consequences of myth oriented discourses for the way in which these two cultures understand each other and in this way make a significant contribution to a more profound approach to intercultural research

Aeschylus' Use of Psychological Terminology Shirley Darcus Sullivan,1997 Annotation Sullivan classics U of British Columbia analyzes how the 6th 5th BC Greek poet used eight key psychological terms that appear frequently in ancient Greek texts but have a wide range of possible meanings She also compares his use with that of earlier and contemporary poets including Homer Hesiod Pindar and Bacchylides to assess the degree to which his usage was innovative or traditional She very adroitly explains the use of the Greek terms for readers who do not read Greek Canadian card order number C97
