**Development of the Dutch Welfare State** Dennie Oude Nijhuis,2025-10-01 This book examines how the Netherlands managed to create and maintain one of the world s most generous and inclusive welfare systems despite having been dominated by Christian democratic or conservative rather than socialist dominated governments for most of the post war period It emphasizes that such systems have strong consequences for the distribution of income and risk among different segments of society and argues that they could consequently only emerge in countries where middle class groups were unable to utilize their key electoral and strong labor market position to mobilize against the adverse consequences of redistribution for them By illustrating their key role in the coming about of solidaristic welfare reform in the Netherlands the book also offers a novel view of the roles of Christian democracy and the labor union movement in the development of modern welfare states By highlighting how welfare reform contributed to the employment miracle of the 1990s the book sheds new light on how countries are able to combine high levels of welfare generosity and solidarity with successful macro economic performance **Netherlandish Books (NB) (2 Vols.)** Andrew Pettegree,Malcolm Walsby,2010-11-11

Netherlandish Books offers a unique overview of what was printed during the fifteenth and sixteenth centuries in the Low Countries This bibliography lists descriptions of over 32 000 editions together with bibliographical references an introduction and indexes It draws on the analysis of collections situated in libraries throughout the world This is the first time that all the books published in the various territories that formed the Low Countries are presented together in a single bibliography Netherlandish Books is an invaluable research tool for all students and scholars interested in the history culture and literature of the Low Countries as well as historians of the early modern book world Customers interested in this title may also be interested in French Vernacular Books edited by Andrew Pettegree Malcolm Walsby and Alexander Wilkinson
