Dermatologic Conditions:

Common Dermatologic Conditions in Primary Care John J. Russell, Edward F. Ryan Jr., 2019-09-03 This book offers a guide to common dermatologic conditions most often treated by primary care providers Most dermatologic disorders in the United States are treated by primary care physicians and yet primary care training programs do not prioritize dermatology This easy to use reference answers that need with practical recommendations for diagnosing and treating these common diseases along with a number of illustrative color images Throughout chapters are either organized by population and the dermatologic conditions common to those groups or diseases commonly encountered in primary care Populations covered include children pregnant women and athletes and common diseases covered include dermatitis warts herpes psoriasis and some skin cancers This is an essential resource for primary care physicians physician assistants and nurse practitioners who treat dermatologic conditions in their daily practice

Psychosocial Aspects of Skin Conditions and Diseases Andrew Robert Thompson, Jacek Cezary Szepietowski, Antoinette I.M Van Laarhoven, Christina Schut, Sylvia Van Beugen, 2023-09-25 There is a growing recognition of the interplay between psychosocial factors and skin disease in relation to disease onset flare up adaptation and management Many skin conditions are complex systemic diseases which are influenced by psychophysiological factors and which in turn have the potential to trigger psychological distress Further it is well established that skin conditions ranging from acne and alopecia to psoriasis and vitiligo can be associated with considerable psychosocial burden stigmatisation and outright discrimination Unfortunately despite recent advances in medical treatments for a number of skin conditions evidence based psychological interventions specifically targeting distress associated with skin conditions remain in short supply
