Internet Islamic Capital Markets: A Comparative Approach (Third Edition) Obiyathulla Ismath Bacha,Ali Hengchao

Zhang,Mirzet Seho,2025-09-08 This textbook looks at the similarities and differences between Islamic capital markets and  
conventional capital markets It explains each particular topic from both the conventional and the Islamic perspective offering

a full understanding of Islamic capital markets processes and instruments In addition to a full explanation of Islamic products the book also ensures a holistic understanding of the dual markets within which Islamic capital markets operate Ideal for both students and current practitioners it fills a large gap in the current literature on the subject Whereas most books in this field cover the topic only superficially this book offers the depth of coverage and academic rigor needed by professionals and serious students Unlike competing texts that focus mainly on Shariah and qualitative issues of capital markets this book has the right blend of qualitative and quantitative material It covers all key areas of a conventional capital markets text but infuses the Islamic Shariah aspects

### **Make, Fail, Repeat: Creative Labor in the Start-Up Age** Alberto

Lusoli,2025-07-14 This book examines how the concept of Start up has transcended its original acceptance as a synonym for an early stage hi tech company to become a historically specific way of knowing and acting in the world Start up is everywhere The term has been employed since the 1970s to indicate any company with a limited operating history and in a phase of market discovery In the 1990s the term gained a more precise connotation one connected to the kind of experimental technology based and venture backed businesses that became the most visible embodiment of the New Economy techno utopianism Today the term is widely known and used beyond managerial circles so much so that it has become a subject of TV shows such as Shark Tank MTV s Dropout and HBO s irreverent series Silicon Valley Start up is no longer just an economic and managerial concept but the book argues also a cultural phenomenon that is reshaping the way we conceive work in the 21st century It does this by furthering the idea that withdrawal from traditional disciplinary regimes such as formal education and wage labor is a necessary step on the path toward professional realization and personal freedom But what happens when one decides to leave the safe harbor of regular employment and set sail on the tumultuous waters of independent work The book addresses this question through a 22 month ethnographic investigation of the Vancouver new media and digital industries Through interviews with creative practitioners and participation in informal gatherings for tech workers the book provides a compelling perspective on creative work in the start up age
